## Allan Dulles To Quit CIA

John A. McCone, Republican,  
To Replace Cold War Chieftain

NEWPORT, R.I. (UPI)—President Kennedy announced today that Allan W. Dulles will step down next month after eight years of cold war service as chief of

the Central Intelligence Agency. He picked John A. McCone, Republican veteran of the Defense Department and Atomic Energy Commission, to replace Dulles. Kennedy praised Dulles for "courageous and selfless" public service. Dulles in turn called McCone, the last AEC chairman in the Eisenhower administration, as "the ideal choice" to head this nation's super-secret intelligence operations.

In the final two years of his quiet direction of security operations, Dulles had come under criticism for two incidents: The CIO's rule in the ill-fated Cuban landings of last April and the U2 incident before the abortive summit conference of 1960.

Kennedy interrupted a seaside vacation here and summoned Dulles and McCone to private talks followed by his public announcement of the changeover.

**Takes Over in November**  
The President said McCone will move into the CIA in about two weeks and work alongside Dulles until November when Dulles, 67, retires.

McCone, 59, served the Truman administration as undersecretary of the Air Force and during the final three years of the Eisenhower administration was chairman of the AEC. He resigned the latter post when Kennedy took office.

Despite criticisms toward the end of Dulles' directorship, Kennedy left no doubt as to the nation's debt to the man who presided over the real front line of U.S. defense at the height of cold war.

"I know of no man," the President told an audience of aides and newsmen at the Naval War College here, "who is a more courageous and selfless public servant than Allen Dulles."

The outgoing CIA director, the President said, had agreed to continue to serve as a consultant on intelligence matters for the White House.

Dulles said there was "no better time to turn from this job to others," but he offered no additional details.

**Arrive from Washington**  
Dulles and McCone flew together by plane from Washington to the Quonset Naval Air Station this morning, then travelled by helicopter to Hammarskjold farm where they met with the President for an hour before the announcement was made.

Dulles, brother of the late Secretary of State John Foster Dulles, has served his country in intelligence work since World War II when he was enlisted in the Office of Strategic Services by his old friend, Maj. Gen. William S. Donovan.

During his service with the Eisenhower administration, McCone was one of the leading advocates for resumption of nuclear testing.

When President Harry S. Truman created the CIA in 1947, he called Dulles to Washington to frame suggestions for the agency's operation. Gen. Walter Bedell Smith, Eisenhower's D-day aide who died recently, was first head of the agency. Dulles succeeded him in 1953.

**To End Vacation**  
MOSCOW (UPI)—Soviet Premier Nikita Khrushchev is expected to return here from his Black Sea vacation this weekend.

# SENATE HOWLS OVER ENDING

THE MACHINERY that prints tomorrow's news will be based on the concrete sliding down the trough from that cement mixer, a number of tomorrow's from now. Here you see the pouring of the press pit from which will come future issues of The Desert Sun. This pit will house much of a 90-ton, 48-page, Duplex Metropolitan Press that soon will print your newspaper. In the background you see workers setting concrete blocks that form the walls of your newspaper's new home at 611 S. Palm Canyon Dr., Palm Springs. (Desert Sun Photo)

## House Flim-Flam Angers Senators As Session Ends

WASHINGTON (UPI)—Congress ended its longest session in 10 years today with the Senate howling in rage at the House's crafty tactics on the final bill.

The House went home early, and as a result the Senate went home mad. The Senate's testy temper had been fueled by the fact it had been in continuous session for 19 hours and 16 minutes before adjourning. But most of the anger was stirred by the fact that the House had flim-flammed the senators with an adroit parliamentary maneuver.

The senate quit at 6:16 a.m.

EDT, adjourning congress until Jan. 10. The House had adjourned sine die at 4:20 a.m., a move that nearly stalled final adjournment.

Before the House quit, it passed a \$1,125,333,341 supplemental money bill, leaving the Senate in a take it or leave it position because only President Kennedy could recall the House.

The senators nearly left it. Senate GOP Leader Everett M. Dirksen, calling the House move an "outrage," said it was time to find out whether the congressmen could get away with such an "affront."

The threat to adjournment—and possibly asking the President to call the House back—was made real when Dirksen asked a quorum call. But he withdrew the request after conferring with other leaders.

Senate Democratic Leader Mike Mansfield wound up by assuring the Senate he would never again consent to an adjournment resolution with the House before the last legislation had been cleared to the Senate's satisfaction.

But after nearly two hours of helping other senators call down imprecations upon the vanished House, Dirksen relented.

After a short recess, the senators passed the bill, and a committee advised Kennedy by telephone that Congress stood ready to adjourn.

**President Thanks Congress**  
"The President said 'thanks,'" Mansfield reported.

Dirksen quickly assured the Senate that the committee "did get the President out of bed."

The nine-month session left a record the Kennedy administration liked. But Republicans said it was "long on quantity and short on quality."

The last day of the session started at 11 a.m. EDT Tuesday. One major action of the waning hours was approval of a \$3,914,600,000 foreign aid money bill. It was the longest session since 1951, when Congress ran until Oct. 20.

And this year's lawmakers set a new peacetime spending record—appropriating more than \$95 billion, well over \$11 billion more than the previous peak reached in 1960.

Congressional leaders were looking ahead to a stormy 1962 election-year session in which deferred issues of school aid, medical care for the aged, higher postal rates and tax revision threatened party-shaking fights.

There appeared to be little question that President Kennedy got more from his first Congress than many expected. His experience as a former House and Senate member was credited for some of his success.

Senate Democratic Leader Mike Mansfield said the legislative achievements amounted to a "substantial investment in the security and progress of the United States." Vice President Lyndon B. Johnson called the session "successful" and "productive."

## Rusk, Gromyko In 2nd Berlin Crisis Meeting

NEW YORK (UPI)—Secretary of State Dean Rusk today held his second Berlin crisis conference with Soviet Foreign Minister Andrei Gromyko in an effort to find some common ground for full-scale East-West negotiations.

They met at luncheon at the Park Avenue headquarters of the Soviet U.N. delegation and planned to continue talking through most of the afternoon.

Rusk had with him his top experts on the explosive problem.

The meeting was set up against a background of cautiously rising hope for a peaceful solution of the dispute which has triggered military build-ups on both sides of the Iron Curtain and raised the specter of nuclear war.

Rusk's task, as outlined by President Kennedy, is to persuade the Russians to negotiate with the Western Allies on terms of mutual respect and concern for the rights of others instead of the narrow basis laid down by Soviet Premier Nikita Khrushchev.

## Redistrict Vote Dec. 12

A tentative Dec. 12 date has been set for the planned special city election to decide whether Palm Springs will redistrict its seven councilmanic districts, go to a five-member council-at-large system, or retain the current districts, city clerk Shirley Henry announced today.

The date was worked out by city attorney Jerry Bunker, computed on necessary time after the Oct. 9 meeting, when the city council may approve the election call.

## Signs Adoption Bill

NEWPORT, R.I. (UPI)—President Kennedy Tuesday signed legislation making permanent the program permitting Americans to adopt orphan children from abroad. Nearly 10,000 children have been adopted under the program since 1957.

## Gunshot Wounds In Dag Plane Crash Denied

NDOLA, Northern Rhodesia (UPI)—The chief of the international team investigating the Dag Hammarskjold plane crash today denied again that any crash victim died as the result of gunshot wounds.

Dr. Col. Maurice Barber, Rhodesian civil aviation chief, issued a statement insisting that bullets found in one body were from ammunition exploding in the blazing wreckage of the DCS aircraft.

Swedish newspapers had rejected his findings and had said that the bullets were fired from a gun. "Bullets exploded and entered the body due to intense heat from the flaming wreckage," Barber said. "There is absolutely no question of any bullets being fired from a gun."

A federal government spokesman indicated in answer to a question that bullets had shown no rifling marks when examined. Rifling marks would have been present if the bullets had gone through a gun barrel, he said.

## HAS THE ANSWER

EAST CHICAGO, Ind. (UPI)—Criminal Court Judge John H. McKenna believes he has found an answer to Indiana Blue Laws violators who "harass the court" by demanding jury trials. "We'll just docket these jury cases for the week before Christmas. I don't think they'll like that so much," McKenna said.

## Ike for U. N. Post

WASHINGTON (UPI)—Sen. Jacob K. Javits, R-N.Y., proposed Tuesday that former President Eisenhower be named U.N. secretary general until a successor to Dag Hammarskjold is selected.

## U.S. Denounces Student Jailing

BERLIN (UPI)—The United States Mission here today denounced the sentencing of two California students to two years in prison for allegedly trying to smuggle an East Berlin girl student to West Berlin.

An American spokesman said the youths had not been charged publicly and the trial was not public.

Gilbert Ferrey, 20, and Victor Pankey, 18, Tustin, Calif., were found guilty Tuesday after a two-day trial of trying to get the girl refugee into West Berlin in the trunk of their tiny automobile.

The American spokesman said the mission here is in touch with Washington and "is studying the case and considering what steps to take."

He said the Communists refused to allow a relative to get in touch with the youths and barred a West Berlin lawyer from representing them.

David McFadden, Santa Ana, Calif., Ferrey's brother-in-law, said he had been barred from attending the trial. He said the youths have been held incommunicado since their arrest.

Mr. and Mrs. Edgar Pankey, Pankey's parents, left New York this morning for Paris, en route to try to see their son.

Meanwhile, both East and West Berlin authorities took new steps in the cold war situation.

The East Berlin Communists reinforced their wall dividing the city by building a third barbed wire barrier and digging trenches near the American sector border, West Berlin police reported.

In the West, the city government swore in the first members of a 3,200-man civilian police reserve at ceremonies attended by Joachim Lipschitz, head of the West Berlin Interior Department.

"We expect hard and determined words from President Kennedy to make clear that the United States with the other two allies (Britain and France) is ready

to take the most serious risk—that it is ready to use its sons in the dispute over Berlin," he said in a speech.

Two American students who were convicted by a Communist court on charges of attempting to help an East Berlin girl escape to the West have started serving a two-year sentence in an East German prison.

Gilbert Ferrey, 20, of Santa Ana, Calif., and Victor Pankey, 18, of nearby Tustin, were among six persons who were sentenced to prison for trying to help East Berliners escape to the West. A Dutchman received a 3½-year term, an Englishman was sentenced to two years and two Egyptians got three years and 18 months respectively.

The East German news service ADN said the two American youths were convicted by an East Berlin court of supporting the "slave trade," violating the "pass ordinance" and "breaking the laws of the German democratic republic."

ADN said "they attempted to smuggle a woman student of the Humboldt University illegally into West Berlin by using their foreign passports and automobile."

Western newsmen were not permitted to cover the trial and a U.S. spokesman said the American mission here was not informed of it.

It was not known when the two students were arrested, but ADN announced on Sept. 13 that they were under arrest. The news service said the youths tried to cross through the Friedrich Strasse checkpoint "in a drunken condition" with the girl in the trunk of their car.

David McFadden of Santa Ana, Calif., Ferrey's brother-in-law, said neither of the youths drank.

## Russian Troika Rejected by Great Britain

UNITED NATIONS, N.Y. (UPI)—British Foreign Secretary Earl Home today rejected the Russian-proposed "troika, or any variant of the troika" to run the United Nations.

Russia has been insisting that three secretaries general, chosen from Communist, Western and neutralist countries and each with a veto, be named to be chief executive of the world organization.

The Western Big Four delegation chiefs met privately on the problem Tuesday evening. Soviet Ambassador Valerian A. Zorin, crediting the proposal as an "African plan," suggested that an interim secretary general be named to replace the late Dag Hammarskjold with three deputies, all of whom must concur in any executive or administrative action.

The United States immediately turned down the proposal. Speaking in the General Assembly's policy debate today, Lord Home said:

"We can make no progress whatever towards collective action if nations feel that the executive and administration (of the United Nations) took their orders from national governments. We must decide now that we mean to have an impartial international civil service."

"That is really the decisive answer to the troika or any variant of the troika."

"I agree with the President of the United States that the United Nations must be saved. Whatever its faults—and heaven knows it has them—it is mankind's best hope for peace. It must be sustained."

## GEORGE BERKEY WILL LEAD SAND-PLAGUED DELEGATION

County supervisor George Berkey will lead a delegation of residents from the sand-plagued Outpost area east of Palm Springs to a meeting with officials of the Coachella Valley Flood Control District.

Berkey told The Desert Sun today that "it may be 10 days" before the meeting can be held, depending on schedules of personnel concerned.

The Coachella Valley area supervisor met Tuesday with Bill Milner and Carl Lubin, co-chairman of a community action committee, Mrs. Ray T. Craver, and other residents of Avenida La

Paloma and La Gaviota north of East Ramon Road. He inspected sand accumulations which have destroyed fences, blocked house doors in the neighborhood and buried yards and shrubbery under tons of blow sand.

"The problem these people have is both legal and physical," Berkey said today. He explained that legal action "would obviously be expensive and give no assurance of satisfaction." The area residents are most interested in "having the constant physical threat of the sand removed," he explained.

Supervisor Berkey emphasized that the county can take no ac-

tion on private land, but that "we can obtain some engineering advice" on the problem from county engineers.

Control of massive open sand areas along the flood control channel is similar to the problem of controlling blow sand along desert highways, Berkey said. He explained that some "stabilizing material," possibly vegetation, may be required to control the sand movement.

Residents in the Outpost Estates area have complained here that widening of the flood channel loosened sand which has been whipped by unusually strong winds during the past year.

## Flood Control Money Lost

The resort area has lost out on a much needed flood control job.

Failure of conferees in the Congress to approve a \$50,000 allocation for the Tachevah Creek project was disclosed to The Desert Sun today.

U.S. Senator Thomas H. Kuchel reported in a telegram today that the allocation was not included in the public works appropriation bill passed by the Senate.

The money had been earmarked for engineering on the project.

## Congress Appropriations For Kennedy Set Record

WASHINGTON (UPI)—Congress handed President Kennedy more money this year than it ever before gave a president in a peacetime year.

Total cash appropriated during the first session of the 87th Congress came to \$95.8 billion. This topped by \$12 billion the peacetime record of \$83.8 billion, which was appropriated for the Eisenhower administration last year.

However, to say that Congress loosened its pursestrings for Kennedy more than for Eisenhower

does not tell the full story. Kennedy actually suffered bigger budget cuts.

Kennedy, for example, asked for much more money for foreign aid than Eisenhower did last year, but wound up getting only a little more.

Because some Kennedy requests for money were repeated several times, no one on Capitol Hill has yet figured out the exact amount by which his money requests were cut. But it apparently was \$3 billion or less. Appropriations last year fell \$211 million short of

Eisenhower's requests.

The compilation of appropriations requested and granted does not include funds for certain programs which are made available by Congress each year, without going through the appropriation process.

A good share of the new cash appropriations will not actually be spent until future years.

However, it has been clear for many months that the Kennedy administration's spending will set a new peacetime record during the fiscal year which began July 1.

## Junior CC's to Meet Thursday At Legion Hall

The regular meeting of the Junior Chamber of Commerce will be held at the American Legion Hall, Thursday evening, Sept. 28, at 8:30 p.m.

Cliff Brown, publicity director of the Palm Springs Chamber of Commerce, will be the guest speaker. He is scheduled to speak on the facts and ideas of the Palm Springs CC.

Refreshments will be served following the general membership meeting.

# Tanker Explosion Kills 1, Hurts 24

MOREHEAD CITY, N.C. (UPI)—A 600-foot tanker exploded into spectacular flames while discharging jet aviation fuel at a pier Tuesday night. One member of the crew of about 47 was killed and 24 other persons injured.

The fire quickly engulfed the Military Sea Transport Service vessel, Potomac, and threatened multi-million dollar installations along the waterfront.

All firefighting equipment, civilian and military, in the area was rushed to the waterfront in an effort to keep the fire from spreading to nearby fuel storage tanks. Flames shot hundreds of feet into the air and sent smoke billowing as far inland as New Bern, 30 miles away.

Explosions Wrack Tanker

Authorities could not determine immediately how many men were aboard the ship, whose records and crew list were lost in the fire.

They estimated the crew size at about 47 and said 26 men, including the dead man, had been accounted for. They emphasized, however, that "unaccounted for" did not mean the men were

aboard the ship. Some men were believed to be on leave.

At midnight, around five hours after a series of terrific explosions wracked the tanker, flames were visible for six miles inland. More than 50 feet of the pier at which the Potomac was docked burned. The Potomac developed a starboard list and appeared to be sagging in the middle.

Coast Guard and private craft participated in a danger-filled search and rescue mission for victims and survivors.

Recover Body

A Coast Guard boat recovered one body several hours after the fire ignited the Potomac, a Navy-owned vessel. It carried a civilian crew of about 47.

The body was identified as that of Clyde V. Leonard, able-bodied seaman, Norfolk, Va.

Leonard's home address was 3182 Pioneer Ave.

## City Zoning Map Planned

Arthur Shatz, representative of Simon Elser and Associates, met in an all-day session Tuesday with city planning director Richard Coleman and staff representatives on revisions of the proposed city zoning map.

The map, which will be presented for planning commission and city council consideration with an overall revision of the city zoning ordinances, is expected to be completed by the end of the year.

Approximately six more sessions are expected on the map work, Coleman told The Desert Sun. The next meeting is slated here for Tuesday, Oct. 10.

## More Activity At Local Navy Defense Bases

Congressman D. S. Saund said today that the step-up in national defense activities will increase operations at the two Navy installations in the 29th Congressional District (Riverside and Imperial counties of California).

At Corona Naval Ordnance Laboratory there will be an increase in workload that will result in an increased annual expenditure of \$240,000 for salaries and \$500,000 for program support and hardware.

The Navy tentatively plans to upgrade the Navy air base at El Centro from an auxiliary landing field to a naval air facility status early next year. This will result in an increase in expenditures for operations and maintenance from \$1 million to \$1,300,000 and the addition of 79 military personnel.

Saund queried Air Force Secretary Eugene Zuckert regarding the effect of the defense step-up on March Air Force Base and Mira Loma Air Force Station. Zuckert indicated that the utilization of both bases is being carefully studied in the light of overall national defense strategy, but he classified specific information as "Secret."

FLAMING CHICKEN coop—minus chickens—brought Palm Springs fire department tank units to 321 S. Calle Santa Rosa at 4:45 p.m. Tuesday. Officers extinguished the blaze in 15 minutes, but were unable to save the enclosure or miscellaneous lumber storage. Only access to the property was by sand roads. Damage to the William H. Stewart property was estimated at \$100, total reported value. (Desert Sun Photo)

# DICK NIXON ANNOUNCEMENT ON GOVERNOR RACE TODAY

LOS ANGELES (UPI)—Former vice president Richard M. Nixon, 48, sent to the political sidelines by President Kennedy in last November's election, is expected to announce tonight that he will seek a new office—the governorship of California.

Nixon, who has been practicing law here but is still titular head of the Republican party, scheduled a full dress press conference for 7 p.m. PST at the Statler Hilton Hotel.

The Californian could, of course, cross up state GOP leaders and announce he will not run for the governorship of the nation's second most populous state—but this seems unlikely.

If he does run for governor next year, it will mean that he has decided to shelve his presidential ambitions. Nixon has said that any man who wins the governorship should serve the full four-year term.

This would eliminate him from presidential consideration in 1964.

Nixon said at a July press conference at his home here that he did not want to be a candidate against Gov. Edmund G. Brown, the Democrat who defeated former Sen. William F. Knowland

## More Jets To Europe Expected

WASHINGTON (UPI)—The United States may send several hundred additional jet fighters to Europe by the end of the year unless the Berlin crisis subsides, Pentagon sources indicated today.

The possibility emerged from guarded responses to reports that all or most of the 18 fighter squadrons reporting for active duty Monday will be sent overseas.

These squadrons have a total of 411 jet fighters, most of them capable of carrying either conventional or nuclear weapons. Another four squadrons reporting for duty have reconnaissance versions of the planes.

Officials said no decision had been made as to which units would be sent overseas. It also was pointed out that the National Guard squadrons will require 30 to 90 days training before they will be ready for duty.

After that they could be sent to Europe or take up stations in the United States to release regular Air Force planes for duty in Europe.

But officials said the guard squadrons would not have been called up unless it had been anticipated that Allied airpower in Europe might have to be increased.

## CHP Office Bid Opening Sept. 28 Bulletin

INDIO — Bids will be opened at 2:00 p.m. Thursday, for the new California Highway Patrol office which will possibly be located west of this community on Highway 60-70-99.

Capt. Lloyd Watson said that the bids will be opened publicly in the CHP offices on Highway 111 tomorrow.

The present facilities constructed in 1951 was designed to care for a department of 10 people. The present complement of the Indio division is 45 officers and clerks and the new project is designed for a growth over the next 10 years.

The new building will be 114 by 74 feet and contains a total of 5,780 square feet under roof, plus a 31 car parking area.

# Simpson Will Not Seek Re-Election

SACRAMENTO (UPI)—Roy E. Simpson, state superintendent of public instruction, said today he hoped a professional educator would succeed him.

Simpson, who announced Tuesday he would not seek re-election in 1962, said the job of directing education for California's 3.6 million public school students "requires somebody from the profession."

Simpson, 68, said he had no immediate intention of endorsing any of the men who have been mentioned as possible candidates for his \$20,000-a-year job. Among this group are several legislators, none of whom apparently will get Simpson's endorsement should he decide later to give it.

At the moment, two men have announced their intention to run. They are Virgil Hollis, 47, Marin County superintendent of schools, and Cecil D. Hardesty, 54, San Diego County superintendent of schools.

Dr. Holland Roberts of Palo Alto, who ran against Simpson in 1958, has been reported as an announced candidate. But he denied today that he had any intention of making the race again.

Among the likelier candidates who may announce themselves into the race later is Dr. Wallace W. Hall, a close associate of Simpson's as chief of the Division of Higher Education in the state Department of Education.

Hall said he was "definitely interested in running" and that he had received "encouragement from friends in the profession."

Mentioned as possible candidates from the legislature are Sen. Hugo Fisher, D-San Diego; Sen. George Miller Jr., D-Martinez; and Assemblyman Richard Hanna, D-Fullerton. All have worked especially hard on legislation affecting the schools.

Another potential candidate is James H. Corson, executive secretary of the California Association of School Administrators. He said he has "given consideration" to running.

Despite the few names mentioned here, there are many men who would like to become superintendent of public instruction. For all concerned, one of the big problems is finding sufficient support and about \$120,000, which is estimated cost of running a statewide campaign.

## You May Buy a Cocktail or Two At Desert Inn

A report that the liquor license of the Desert Inn in Palm Springs has been suspended is erroneous.

Fred D. Pearce, general manager, told The Desert Sun today he received a call from the State Board of Equalization on the day that the report was published stating that the report was wrong.

"It was a foul-up in the records somewhere," Pearce said. "We have our license locked up in the safe here right now."

MAJ. EDWIN J. SCHICK JR., received information this week from Headquarters Marine Corps, of his selection for promotion to lieutenant colonel. He is presently the commanding officer of the 4th 155th Gun Battery, Field Artillery Group Marine Base, Twentynine Palms. His wife, Marigene, and their five children reside in Twentynine Palms.

## Celebration Schedule Announced

TWENTYNINE PALMS — Ken Carter, general chairman for the "I Am An American Day" celebration to be held in this High Desert community Saturday, announced Tuesday the complete schedule of events that will take place throughout the city.

To start the day's activities, the Kiddies Parade will get underway promptly at 10:00 a.m. At that time, the booths will open at the recreation park. The horseshoe and shuffleboard tournaments will start at this time also.

At noon, the first of the many contests will be held, when the three-legged race is held east of the fire ring. The adult ping-pong ball carry will start at 12:30 on the midway.

### Gymkhana

The hour-long gymkhana will be held at the small ball field and will start at 1:00 p.m.

A sack race will be held at 2:00 p.m. near the fire ring and the egg-catch contest will be held on the midway at 2:30 p.m.

The park and recreation department's water and swim show under the direction of Bill Proctor, will start at 3:00 p.m. at the community swimming pool.

A junior watermelon-eating derby will be held at 4:00 a.m. at the swimming pool. This prior planning by the activities committee indicates good thinking and mothers with watermelon smeared children might take advantage of the nearness of the swimming pool. The park and recreation department requests that the children's ears be checked for seeds prior to their being rinsed off.

### Flip Flajacks

Desert cooks experienced in cooking flajacks should enter the flajack flipping contest to be held at the midway at 4:15 p.m.

At 4:30 the committee has listed a human archery contest on the midway.

The patriotic program, with Les Spell as Uncle Sam, acting as the master of ceremonies, will start at 5:15. The Marine Corps Band will be on hand to provide music for the program, at the conclusion of which, they will present an hour-long concert.

The local Dish Pan Band will present the pre-ball game music prior to the Donkey Softball game that is scheduled for 8:00 p.m. The evening's activities will be completed after the ball game with an old fashion audience participation dance on and around the speakers platform.

### House Employee Dies

WASHINGTON (UPI) — Oscar Honssinger, a House doorkeeper, died of an apparent heart attack Tuesday night during the congressional drive for adjournment.

Honssinger, about 67, collapsed at a restaurant near the Capitol. He came to Washington from Maywood, Calif., where he had lived for 17 years.

### DISCUSS TRADE

NEW YORK (UPI) — Former Japanese Prime Minister Nobusuke Kishi conferred Tuesday with Secretary of State Dean Rusk on Japanese-American trade relations and world problems.

NEW BUSINESS MEN in Twentynine Palms. Douglas Weaver and Greg Gooding, two of the more than 10 Desert Sun newsboys start the wrapping of Tuesday evening's paper. The Desert Sun started circulation in the High Desert last Monday. The two young men pictured here are servicing the Marine Corps Base housing area. House to house delivery is also being made in the city of Twentynine Palms and in the near future, other communities in the High Desert will have home delivery. (Desert Sun Photo)

## Free-for-All Appears For Governor's Race

By JAMES C. ANDERSON

SACRAMENTO (UPI) — It's beginning to look like there'll be a free-for-all for governor of California in 1962.

Three Republicans already are in the race—and a fourth, Richard M. Nixon, very possibly may announce his candidacy tonight in a news conference in Los Angeles.

On the Democratic side, Gov. Edmund G. Brown appears to be a cinch to seek another four-year term but it becomes increasingly evident he'll be challenged by a Robert L. McCarthy, a former state senator who quit Brown's cabinet in a huff last August.

If Nixon announces his candidacy, as most politicians think he will, GOP voters next June could be presented with these choices: Nixon, 48, a native Californian who started out as a congressman in 1946, leaped to the U.S. Senate in 1950, became vice president in the 1952 Eisenhower sweep and narrowly lost the presidency to John F. Kennedy last November. Even though he lost that election, he carried California over Kennedy by a margin of 35,623 votes.

Goodwin J. Knight, 64, governor from 1953 when Earl Warren went to the Supreme Court until 1959. Knight won a full four-year term in 1954 by a margin of 551,151 votes but in a tinker-to-evers-to-chance play in 1958 he sought the office of U.S. senator instead of running again for governor and was defeated by Democrat Clair Engle.

Joseph C. Shell, young Los Angeles assemblyman and leader of his party in the lower House of the legislature. An avowed conservative, Shell is running on a platform of lower taxes and less government spending.

Harold J. (Butch) Powers, 61, a former lieutenant governor who hails from Modoc County. He served 23 years in the state Senate and was lieutenant governor from 1953 to 1959. He lost by less than 100,000 votes to Glenn M. Anderson in the Democratic sweep of 1958.

On the Democratic side, judging from McCarthy's hints at a news conference Tuesday, the pairing will be:

Brown, who rolled over William F. Knowland by more than a million votes in 1958 and ended 16 years of Republican rule in the statehouse. The governor, 56, has called his administration "responsible liberalism" and will campaign on the line that he has balanced the budget for three straight years, won passage of a \$1.75 billion water program and brought progressive government to the state.

McCarthy, only 40, who has been in politics since 1948, first as an assemblyman, then as a state senator and, finally, as an unsuccessful candidate for attorney general in 1958 when he was beaten in the Democratic primary by the eventual winner, Stanley Mosk. He was one of Brown's first cabinet appointees but quit the directorship of motor vehicles after writing an angry letter accusing Brown of running "spineless administration."

McCarthy told newsmen Tuesday it is "entirely probable" he will announce for governor early next year. He described Brown as a "confused weather-vane" whose administration has been marked by "uncertainty and confusion."

### Tours AF Base

WIESBADEN, Germany (UPI) — U. S. Air Force Secretary Eugene Zuckert arrived Tuesday on a two-week tour of Air Force bases and installations in Europe.

## Paar Show's Army Rebuke Wiped Away

WASHINGTON (UPI) — The Army today wiped out a rebuke against two officers who helped Jack Paar stage a controversial television show on the touchy East Berlin border crossing.

It made public a statement by Gen. Bruce C. Clarke, Army commander for Europe, saying that "no one did anything wrong enough to warrant criticism."

The Paar incident arose when the TV entertainer took a camera crew to the walled-off border between East and West Berlin to film a show.

A congressional uproar ensued when it developed that an extra contingent of U.S. troops had been assigned to the scene. Senators and House members protested that the incident might have precipitated trouble in the tense area.

Paar denied that he had asked for extra troops. The two-part show was subsequently shown to viewers here.

Clarke's action absolved from any official blame Col. John R. Deane Jr., who had received an official rebuke, and Lt. Col. Dallas W. Hoadley, who was transferred.

"Since the report of investigation made on Sept. 9, I have re-investigated actions of certain members of the Berlin command in the Jack Paar show incident, have seen the motion pictures of the show and have conferred with Maj. Gen. Albert Watson in Berlin," Clarke said.

"From all this, I have concluded that no one did anything wrong enough to warrant criticism, although on hindsight what was done might have been done a bit differently."

"Therefore, in order to right an injustice, I have directed Watson to withdraw orally the admonition given to Col. John R. Deane Jr. and to remove from the files anything pertaining to this incident which is adverse or derogatory to him."

"I will similarly remove from the files anything pertaining to Lt. Col. Dallas W. Hoadley," Clarke said. Deane will continue to command the 2nd Battle Group of the 6th Infantry in Berlin. Hoadley, who has been transferred to Heidelberg, will continue a new assignment in the information division at Army headquarters.

Clarke said he considered this to be of "equal importance with the assignment he had in Berlin."

MAJ. EDWARD D. OGLESBY, the commanding officer, 1st Medium Anti-aircraft Missile Battalion, has been selected for promotion to lieutenant colonel, according to information received at the Marine Corps Base, Twentynine Palms. The major has been assigned to the High Desert Base since July, 1960. He and his wife, Beth, reside in Twentynine Palms.

## 29 Palms Youths To Sell Stock

TWENTYNINE PALMS — Two young men from this community will see the fruits of the labor at the San Bernardino County Fair in Victorville, when the Fat Stock Auction is held on Oct. 6.

The two 4-H members, Hal Hershey and Michael Zimmerman, will have their first fat lamb and beef steer sold at the time.

According to information received from the fair committee, animals purchased at the Fat Stock Auction can be for locker use. For the first time, Bank of America cards can be used to purchase the live stock.

## Council Waives Construction Fee

The Palm Springs City Council has waived construction fees on the tramway for the Mt. San Jacinto Winter Park Authority, but has held for definition waiver on operating fees.

The council approved a change of zone requested by Robert Gould for five acres on the north side of Avenue 34 between the Crossley Road and the Whitewater flood channel. The change, from R-2 to R-3, will permit construction of 120 rental apartment units, complete with one swimming pool per each six units, Gould said.

He told the council the change to greater density was needed because expected customers now living on Sec. 14, could not pay the rental required from R-2 density. The density planned is approximately half that permitted under the zoning code, Gould explained.

### Other Action

Other council action included: —Approval of a resolution of intention to annex 7.5 acres into Palm Springs in section 34, on application of developer - contractor Leonard Wolf, who plans an apartment development there for current Sec. 14 residents.

—Setting of a public hearing Oct. 9 on application of the Westview Development Corp. for a height variance for a planned apartment project adjacent to the city golf course. Councilman Ted McKinney emphasized that "we didn't listen to the applicant at all."

### Chamber Report

—Approved a report on the chamber of commerce allocation of \$10,000 increase granted to the chamber by the city for the current year. Carl Schoos, chairman of the chamber's publicity committee, explained that \$6,000 was earmarked for publicity, \$1,000 to make up a visitor's bureau deficit, and \$3,000 to "keep up with increased advertising costs."

—Approved assessment districts 49 and 51 for sewer construction; —And passed a resolution directing the city manager to write the Coachella Valley Flood Control District and the County Board of Supervisors, urging remedial action to reduce sand drifting east of Palm Springs in the Outpost Estates area. A 12-member delegation, headed by community chairmen Bill Milner and Carl Lubin, sought the resolution.

## Rough Party? Blame Martinis

CHICAGO (UPI)—Blame it on martinis when the party gets rough.

Some 66 "typical" young housewives who drink came up with this rule of thumb Tuesday at the fifth National Congress on Better Living. "I don't know anyone who can drink martinis and hold them," one delegate said. "Give them one or two and the nicest people get raucous."

Other delegates agreed that martinis should be banned from the social scene, but spoke out in favor of serving some kind of liquor at parties.

Most of the women said they never served liquor, let alone martinis, to their families. They recommended beer for the family. The women aired their views on spirits at a round-table discussion of food at the second session of the meeting sponsored by McCall's magazine. Housewives from the 50 states attended the meeting which has become an annual gripe session.

## Judge Therieau Has Obtained His Tools

"A carpenter has to have tools," commented Supervisor William Jones, Riverside building contractor, during a discussion on a request by Judge Eugene Therieau for a set of Codes for the Desert Municipal Court in Palm Springs.

"An apt comparison," declared Supervisor Norman Davis. The supervisors granted the judge's request and transferred \$758 from the unappropriated reserve fund for purchase of the books.

During his term as judge of the Palm Springs Justice Court, Therieau has used his own Codes set which he has kept in his office, but he explained to the supervisors Monday that he has disposed of them.

## CAN RELAX ABOUT FOREIGN AID EFFECTIVENESS, SENATOR SAYS

WASHINGTON (UPI) — Those who have been restive about foreign aid can relax, according to Sen. John J. Williams, R-Dele., it's a success.

In fact, says the senator, the program to aid underdeveloped nations seems to have gotten out of hand.

The people of South Viet Nam, despite fighting Communists tooth and nail, have gotten so overdeveloped that we had to ship them 48,000 cans of M&M's to get them back in shape, according to the senator.

The State Department demurred. It said Tuesday that actually, the U.S. only shipped 4,812 cans of the dietary drink to Viet Nam, and that was an "honest mistake."

But the economy-minded Republican was not to be deterred. "Who said the New Frontier could not come up with an original idea for foreign aid?" he asked the Senate.

"Who says our foreign aid program of feeding the underdeveloped peoples of the world has not been a success?"

It has been such a success that the aid program had to put the South Vietnamese on a diet because they "have been getting too fat on Uncle Sam's generosity," Williams crowed.

## New Canyon Club Manager Named

Appointment of Jack B. Quigley as manager of the Canyon Country Club of Palm Springs was announced Tuesday. The new multi-million dollar country club and 18-hole golf course is scheduled to open by Jan. 1.

Quigley was associated for seven years with the famed Fontainebleau Hotel in Miami. He brings to Palm Springs a background of country club management from the Laguna Country Club in Miami Beach, the Westwood Country Club in Pittsburgh and the Cold Spring Harbor Country Club on Long Island, New York.

A graduate of Manhattan College, N. Y., Quigley served as a major in the United States Air Force. Mrs. Mary Quigley and daughter Karen, 15, have joined Quigley and are in residence at their new home on Roxbury Drive. Karen is attending Palm Springs High School.

JACK B. QUIGLEY

## Venice Feels Outboards Are Not Romantic Enough

VENICE (UPI) — The city fathers of Venice don't believe the "putt putt" of an outboard motor would make a romantic accompaniment to the songs of the gondoliers.

As a result, Venice's famous water taxis, the gondolas, are in no danger of being motorized even though the city's canals swarm with river buses and other powered craft that are controlled by traffic lights just like the flow of cars in the streets of other cities.

But the gondolas will remain the slow, pleasant, drift-along craft that have delighted lovers and tourists from all over the world.

A gondolier recently tried his luck and took to the water with a powered gondola. After three days he was ordered to remove the engine or face legal action. He went back to rowing.

The Water taxis Union apparently had no objection to its members taking an outboard onto their medieval vessels and even had approved plans for future construction of fully motorized gondolas.

But, said the city fathers in turning thumbs down on this mechanization, what would Venice look like with gondolas snorting and cracking their smoky way along the canals? Where, they asked, would be the gondoliers' spirit of romance?

Since the days when Venetians ruled the seas as the first merchantmen of the western world,

### Fewer Farmers

TOKYO (UPI) — The Japanese government reports that industrialization, with its higher wages will result in a 40 per cent reduction in the number of Japanese farm workers in the next decade. The result, the government believes, will be bigger farms in Japan and also more diversification and more mechanization.

## 'Play Value' and Reason Are Needed for All Toys

By CLAIRE COX  
United Press International  
NEW YORK (UPI) — What do you do after the announcement arrives proclaiming the delivery of a pound—ounce, (boy) (girl) to the Jones?

The answer in many cases is that you wonder what in the world to buy as a gift for the new arrival.

Toy manufacturers have provided a variety of choices, but the uninitiated still needs advice.

Toy industry advisers say that

every toy — no matter what age group — should have what the sociologists call "play value." It also should have a reason.

"Until a child is about six months old, he can't play; so toys for him are chosen on the basis of what amuses or comforts but does not require his participation," said an expert at a leading toy store (F. A. O. Schwarz).

He advised that whatever is bought for an infant should be bright and colorful, appealing to his sense of sight, which develops in the early months. Babies, once the exclusive product of the world of art, have been adapted to the crib, with flights of circling birds or the legendary cow jumping over the moon.

Floating toys are fine for the baby's bath and anything that makes a "non-sense" noise is greeted with gurgles of joy. This noisy group includes objects that squeak, squawk, honk, toot or beep.

Babies were among the first toys devised for babies, and they remain at or near the top of the popularity list.

Stuffed toys are a delight to young children, but Teddy Bears are a bit advanced for the newborn. Light, soft stuffed animals are better for the tiniest babies. The Teddy Bear should not be presented until almost the first birthday.

MISS GERD GRIP, ladies division head at Palm Springs Spa seems to have convinced actor Bob Cummings that the Spa's famed foot swirlpool is the answer to his search for youth and pleasure. The hi-jinx took place during the Spa party for Cummings and the cast of his new TV series which was filmed in the desert. The actor made a reservation for Friday, Sept. 28, when the health spot re-opens the entire indoor facilities.

## SUNAIR

### Couples Tour Russian River and Santa Cruz

Visits with friends highlighted the two-week vacation for Mr. and Mrs. Lou DeGrucio and Mr. and Mrs. Vernon Krings, who returned home Sunday night.

They drove to Santa Cruz and then to the Russian River where they spent two days with Skipper Orsi and his wife, owners of Hacienda Resort. (In the winters the Orsis are in Rancho Mirage where he operates a cafe.) After several days in San Francisco they left for Kings River.

Stopping at the Lake View Resort in Kingsburg, they were surprised when greeted by owners Mr. and Mrs. Joe Pawlings, former Palm Springs residents. They spent three days at Lake View before leaving for the desert. In San Bernardino they stopped to visit with the DeGrucios' son Ronnie who is attending Valley College.

Former residents of Carlsbad, Mr. Richard L. Post with son Ricky and daughter Mary Jean, are now making their home at the La Serena Apartments on Bankside Drive.

Mr. and Mrs. Raymond Magee returned to their Palo Verde Drive home after spending the summer months at Mill Creek Canyon Park in the San Bernardino Mountains.

Visiting with Mr. and Mrs. J. T. Baker (owners of the Palos Verdes) for the weekend were their son and family Mr. and Mrs. Tom Quayle and children Rick, Cris, Tracy, Greg and Kathy, who make their home in Manhattan Beach. Last week guests at the Palos Verdes were Mr. and Mrs.

Earl J. Gore from Northridge and friends Mr. and Mrs. D. Hayes of Redlands. Here for the weekend were Mr. and Mrs. Fred M. Cox from San Diego and Mr. and Mrs. W. T. Dickerson of Ester Park, Colo.

After spending the past six months in Oregon and Washington, Mr. and Mrs. George Patrick returned last week to spend another winter in Sunair.

At the Sunation Motel for the weekend were frequent guests, Mr. and Mrs. R. L. Sutherland of San Gabriel and Mr. L. Buchner from Norwalk.

Mr. and Mrs. Melvin Pugh with children Ronnie and Marsha and their guest Bob Down returned Sunday night from a weekend in Los Angeles. Saturday night Pugh and the boys went to the drag races in Long Beach and Sunday afternoon they all enjoyed the matinee performance of the Ice Follies at the Pan Pacific Auditorium.

Enjoying one of their many desert visits, Mr. and Mrs. A. Siske spent last week at the Melrose Apartments. The Siskes make their home in Artesia.

En route to Twentynine Palms from their home in Ramona, (near Escondido) Mr. and Mrs. Sheridan Carter were overnight houseguests of Mr. and Mrs. Carl Jackson. The Carters, who are long time friends of Jackson's family, arrived Monday afternoon and left for the high desert Tuesday.

PRETTY JUDY BREWSTER, member of the queen's court at the huge Los Angeles County Fair in Pomona, Sept. 15 to Oct. 1, pays her respects to Zoto Heir P47 (that's the bull's name) not because he is entered in the exposition's great livestock show but because several of his children and grandchildren are among the blue bloods who are entered. In his prime this sire of champions sold for \$50,000. Nearly 15 years old, he is retired to the green pastures at Mt. San Antonio College near Pomona.

## Chill Wills May Have Top Baptism Record

HOLLYWOOD (UPI)—If Chill Wills is not a piously religious man he cannot fix the blame on a mis-spent youth.

The hulking Texan may hold a world's record for being baptized. As a kid he was dunked more often than a week-old doughnut in a cup of cold instant coffee.

Chill is somewhat self-conscious about his early religious fervor, but it was responsible for starting him off in show biz. A crowd is a crowd to a natural born actor.

"I was about nine years old when it all began," Chill said. "It was in Texas when the preachers would ride through town and give their sermons down by the river. They believed in total immersion. The more people who slipped forward to be baptized, the better the preacher would feel about his work."

Sometimes Got Grabbed

"If everybody got wringing wet he could consider his sermon a big success. It was sort of a measuring stick in those days. If the congregation was a little slow to volunteer, the preachers would grab me to get things started. I learned to swim that way. Had to. I mighta drowned."

Be that as it may, Wills probably was the cleanest kid in his section of Texas.

And his background as a dunker in those cold Texas waters might well account for his name of Chill. Wills is scheduled for a new kind of baptism this fall when he makes his debut starring in a new TV series. As the central figure in CBS' "Frontier Circus," Chill finds himself in a hybrid show-half Western, half big top.

When Indian raids and gun fights pall, they turn the lions and tigers loose for a few laughs.

Never Did Series

"I've never done a series before," Chill exclaimed, "but I've had as many offers as any actor in Hollywood. You might say I lost my desire for it seven years ago."

"At that time I made a pilot film for MGM based on the old 'Min and Bill' movie series that starred Wallace Beery and Marie Dressler. But nothing ever came of it. Sorta made me mad."

"This show is different. It scratches me right where I itch," Chill scratched his head anyhow, as if the series weren't quite doing the job.

"It's a terrible transition for big stars to go into a TV series, but easy for people like me who have been around a while and like to pick up some bread money," he said.

"Any way you look at it, what I'm doing now is a big improvement over mass baptisms. Lot steadier work—and not near so many head colds either."

## Two Arrested on Stolen Property

Two Palm Springs men were arrested early today on charges of receiving stolen property, and subsequently released to \$1,050 bail each.

Charged with receiving tires purchased on a service station credit card reportedly stolen by a third man were Arthur William Rossiter, 41, and Justin John Rothgary, 51, both of 336 N. Palm Canyon Dr.

## Copious Cucumbers

LEESVILLE, La. (UPI)—Texas isn't the only place where things grow big. Take a look in the backyard of a Leesville home where Mrs. Calvin Jones has her vegetable garden.

Her cucumbers this year average over a foot in length and many reached almost two feet. Mrs. Jones said she had four vines and they kept six families in fresh and pickling cucumbers.

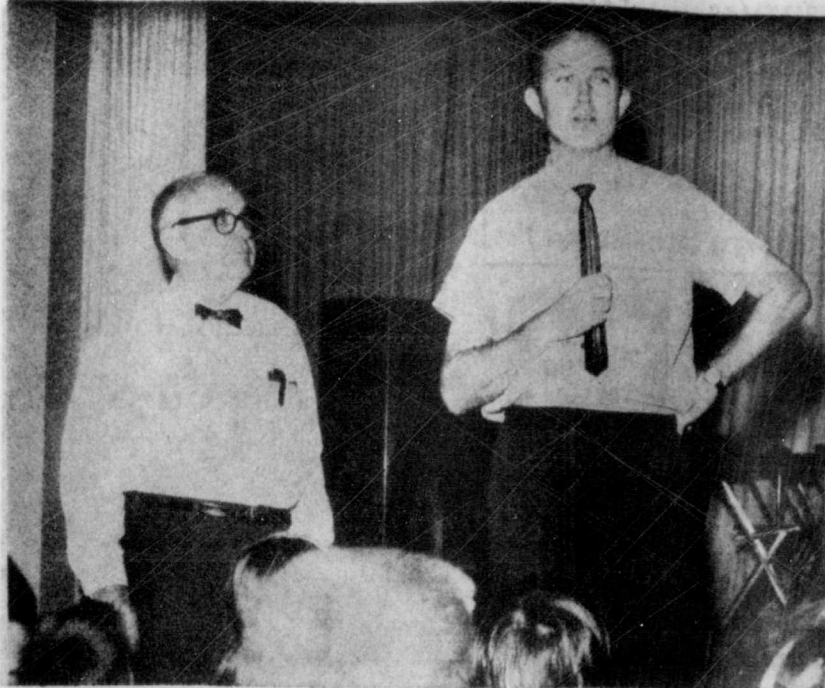

"The neighbors didn't take them home in a basket either," she said. "They stacked them in their arms like stovewood."

## Many Religions

TAIPEI (UPI)—Nationalist China is a land of many religions, mainly Buddhist, but there are nearly 200,000 Catholics attending services at nearly 500 churches, and nearly as many Protestants attending nearly 1,500 churches of all denominations.

STUDENTS of Cahuilla Schools first and second grades listen to Principal Brad Davis introduce Francis Crocker, district manager of California Electric Power Co. Crocker, a resident of the area since 1932, explained and showed slides of the \$7,700,000 Tramway to reach from the desert up Mt. San Jacinto. (Desert Sun Photo)

## Cahuilla Students Get Preview of Tramway

First and second graders of Cahuilla Elementary School were treated to a first-hand preview of the new Tramway project Tuesday.

Through the courtesy of Francis Crocker, district manager of California Electric Power Co. and Palm Springs resident since 1932, slides and explanations about the

## Financial Review

NEW YORK (UPI)—At 62, Frank C. Russell was settled comfortably in retirement on an estate in Maryland, and then he decided to go back to work.

But Russell, formerly president and chairman of the board of F. C. Russell and Co., Cleveland, Ohio, insisted today that what he plans to do is a thing he feels he must do—make an attempt to revitalize salesmanship as a profession in this country.

"Professional salesmen have been slipping," he insisted stoutly on a visit here. "They've been trying to substitute gimmicks or advertising for direct sales. Advertising you have to have, but you've got to follow it up with that direct push."

"Too many salesmen are reaching out for a share of something created by others—and not reaching out for themselves. Too many are looking for security rather than opportunity... a lot of sales executives have gotten into the frame of mind 'I can't do anything about it,' and instead of going out and selling, they try to do the jobs by cutting costs and increasing profits."

"They need to make people more value-conscious. If you can't make a person want something, you can't give it away."

This is why, he explained, he thinks the nation needs a million more salesmen right now. "One good salesman makes work for five other people," he said, "or even more."

"Statesmanship is salesmanship. Why, there's a real opportunity in the expanding world today for the better trained salesman—with better products. If we could put them to work overseas, showing not just how cheaply something can be made, but how well—we could create an economy that would have the Russians sending delegations here to find out how we did it."

\$7,700,000 dollar project were presented to the kiddies. Arrangements for the program were brought about by Cahuilla second grader Donald Crocker, who first inveigled his grandfather into speaking before his classmates.

Later Principal Brad Davis and Donald's teacher, Mrs. Patricia Hicks, arranged for all first and second grade pupils to meet in the multipurpose room to learn about the Tramway.

Crocker told his eager audience that they would be in the third and fourth grades before the project is completed, and in response to the barrage of questions following the showing of the slides, told the children that there will be two cable cars each capable of carrying 80 persons up the 8,500 feet from the parking elevation of 2,700.

It will take about 8 or 10 minutes for the cable car to climb to the top. "You can swim in the morning in Palm Springs, and a short time later ride your snow sleds in the city up in the skies," Crocker explained.

"How much will it cost," queried one young man, "for two children and two grownups?" "Somewhere around \$10," Crocker answered.

This was greeted by long oh's.

## Radiation at Highest Level Since 1958 Ban

BERKELEY (UPI)—Radiation reached its highest level since the 1958 nuclear testing moratorium at several California points during the weekend, according to the state Health Department.

Readings in Berkeley reached 7.5 micromicrocuries, while the high in Los Angeles was 6.6, San Diego 17.4, El Centro 3.0, Bakersfield 5.7, Monterey 5.0, and Donner Summit 7.9.

The San Diego reading was the highest in California since testing resumed.

The radiation count is not considered dangerous until it reaches 1,000 micromicrocuries for a sustained period, according to the health department.

## Reporter Convicted for Slandering Gen. Walker

AUGSBURG, Germany (UPI)—A German reporter was convicted today on three charges of slandering Maj. Gen. Edwin A. Walker. The Bavarian court gave Siegfried Naujocks, a reporter for the American-owned Overseas Weekly, a choice of paying a fine of \$300 or remaining in police custody for 30 days.

Under German law, the custody penalty bears less stigma than an official jail sentence.

Naujocks said he would appeal to the German Supreme Court in Karlsruhe. The sentence is not effective until after the two-week appeal period and after any appeal which might be granted is heard.

## Non-Stop to Sweden

MALMOE, Sweden (UPI)—Walter Moody, 44, of Lock Haven, Pa., Sunday completed the first non-stop flight in a single-engine plane between the United States and Sweden. Moody flying a 180-horsepower Money Mark 21 equipped with two additional fuel tanks, landed here after 22 hours in the air.

Naujocks was charged with calling Walker crazy and with telling three members of Walker's command that the general had a brain tumor.

Walker recently was relieved of command of the 24th Infantry Division, after the weekly newspaper reported he was educating his troops with material from the conservative John Birch Society.

In passing sentence, the judge said that in the court's opinion the public interest was at stake in this case. And since the American armed forces were involved, that indirectly involved the German public interest.

The conviction climaxed a long feud between Walker and Naujocks and the newspaper, a tabloid published primarily for American troops in Europe.

Naujocks was barred from 24th Division barracks after the alleged statements in December. In April, the newspaper said Walker exposed his troops to the philosophy of the controversial John Birch Society and calling several prominent Americans, including

former President Harry S. Truman, "definitely pink."

Walker then lost his command. He was publicly admonished as a result of a Pentagon-ordered investigation which disclosed, among other things, that he was a member of the John Birch Society.

The general told United Press International today his plans do not go beyond the 20 days leave he will spend in the United States.

Reports from Washington said Walker has asked to be heard by a special Senate subcommittee formed to hear charges that American military men have been misled in their public speeches and statements.

## Earnings Rise

TOKYO (UPI)—The average Japanese farming household had average earnings of \$1,133 in fiscal 1960-61, according to an Agriculture and Forestry Ministry survey. This was a 10.4 per cent increase over the previous fiscal year. Salaried households earned an average of \$1,400, a jump of 11.8 per cent.

## Frank Fay, Comedian of Old-Time, Dead

SANTA MONICA, Calif. (UPI)—Oldtime vaudeville comedian Frank Fay, former husband of actress Barbara Stanwyck, died early today at the age of 64. Fay's death was due to an integral rupture of the abdominal aorta, according to St. John's Hospital doctors.

A St. John's spokesman said Fay died while asleep and was alone at the time of his death except for a doctor and a nurse. He died at 4:10 a.m. EDT.

Last rites of the Roman Catholic Church were administered by Father Phillip McKiernan when Fay lapsed into a coma.

Earlier this month management of the comedian's \$200,000 estate was turned over to guardians because of his "severe state of mental depression and physical condition."

A native of San Francisco, Fay was a headliner in the heyday of vaudeville, setting a 14-week record at New York's Palace Theater in the 1920s.

## Living Costs Fell Slightly in August

WASHINGTON (UPI) — Living costs fell slightly in August because of lower prices for fresh fruits and vegetables, the Labor Department said today.

The decline nudged the consumer price index down by one-tenth of 1 per cent from the record-high July level. As a result, the index last month stood at 128 per cent of average 1947-49 prices.

This means a housewife had to spend \$12.80 for the same goods and services that cost \$10 in the 1947-49 period.

The department said seasonally lower food prices pushed the index down in August even though the cost of nonfood items and services were more expensive.

Higher used car prices pushed up the cost of transportation. Housing costs edged downward.

The Bureau of Labor Statistics said consumer prices have risen by about one-half of 1 per cent during the first eight months of this year—less than during any comparable period since 1955.

Ewan Clague, commissioner of labor statistics, said the index probably would rise in September because of higher used car prices and more expensive fall clothing.

October usually is an "up month" because of the introduction of new cars, he said. November and December usually show declines in living costs because meat prices drop as a result of heavy marketings of cattle and hogs.

He said such seasonal factors would dominate price trends during the rest of 1961 but cautioned that living costs might advance next year if the economy keeps expanding.

Although the index declined in August, 100,000 aircraft workers will get penny an hour pay increases. About 20,000 will get two cents an hour more.

The index rose enough in June and July to nail down the raises for workers at North American Aviation, the Martin Company, Lockheed, and Republic Aviation. Their wages go up when living costs rise.

## PALM SPRINGS HOTELS ADD 400 TELEVISIONS

More than 400 new installations of television cable service have been contracted for by four Palm Springs hotels, it was announced today by John S. Muir Jr., vice president of Palm Springs Television Co.

Muir said that the El Mirador and Riviera will have additional cable facilities installed and the new Holiday House and Trinidad have contracted for cable TV service in all their units.

Installation will be completed in time for fall use.

This brings to approximately 2,500 the number of Palm Springs hotel rooms served by the TV cable. More than 225 hotels, motels and multiple dwellings rely solely on the cable for their TV reception.

Muir also reported that construction is expected to start next month on the microwave relay station Palm Springs Television is building to further improve picture reception for its subscribers. The \$100,000 construction pro-

gram calls for installation of seven microwave transmitters in the nearby mountains.

The receiving terminus will be in the center of the city, from which point Los Angeles TV and FAM stations will be distributed to cable subscribers.

Palm Springs Television recently was acquired by H & B American Corp., Beverly Hills, the nation's largest operator of community antenna systems.

### Donor Attractions

NEW YORK (UPI) — Public contributions toward Lincoln Center for the performing Arts have been solicited on a price tag basis — from \$5. for 3 feet of dancer's practice bar of 118 bricks to \$5 million for the auditorium of the Metropolitan Opera House. In between, donors may buy an adjustable piano bench for \$40, an exit light for \$150, a seat (with his name on it but no promise of occupancy) for \$1,000, or the Met's wig shop for \$15,000.

ENTRANCE TO THE NEW Holiday Inn, which will open its doors Thursday, shows speedy construction of the new resort hotel. Within just the past few days turf has been put in and shrubbery has been planted. The Inn will have more than 100 rooms, a cocktail lounge and dining room. (Desert Sun Photo)

## Newest Hotel Faces State Highway Near Araby Point

The newest of a fast-growing number of beautiful big hotels in the southern portion of Palm Springs, Holiday Inn is located on Highway 111, just south of Araby Point bridge. The hotel is approached by a long curving driveway which takes the driver under a vaulted canopy to the front doors.

Through the doors you enter the lobby, where on the right you find the hotel desk and offices. On the left is a cigar counter.

Directly through the lobby you see the recreation area, with its olympic-size swimming pool (100 x 40 feet) and expansive grass and palm tree landscaping.

To the left from the lobby is the cocktail lounge and dining room. The cocktail lounge includes a large "V" bar, hidden television, booths, and an 18 x 40 feet dance floor and bandstand. The dining

room, which can be made into three separate rooms for private parties, is 50 by 60 feet, and both the lounge and dining areas have low ceilings.

The hotel has a total of 106 rooms, every one of them with twin double beds. Over half the rooms face the pool area, with others facing Highway 111 or toward the Municipal Golf Course.

The hotel has one of the most complete kitchen areas in the desert, with three walk-in ice boxes, loading platform, and storage rooms.

### No Fueling

SAN FRANCISCO (UPI) — The SS Lurline, flatship of the Matson Lines, carries 44,000 barrels of oil in her fuel tanks. It's enough to enable the ship to cruise 21,000 nautical miles, or once around the world, without refueling.

## Palm Springs 100-Room Holiday Inn Set to Open

They said it wouldn't be done, but they didn't know Vilt Hicks.

Milt Hicks' beautiful new Holiday Inn will officially open its doors Thursday when hundreds of Palm Springs residents and visitors will be on hand to witness the openings of the 200th Holiday Inn in the world.

Construction of the new hotel was started in June of 1960, and more than \$1.5 million dollars will have been invested in the hotel when it opens this week.

The credit for the job done on the hotel and night spot is given to Milt Hicks, who with partners Jack Sargent and Bill McComas, have supervised every move made on the construction.

Gerhard Knaak, executive manager of the hotel, on the job several months ago, has directed the construction of the cocktail and dining rooms, as well as the kitchen.

Holiday Inn, one of a chain of 200, is to be operated on a franchise held by the partners. This is one of 195 which are operated in this manner. The parent company operates 35 of the hotels.

This official premier opening will precede by a half-month the gala celebration to be held Oct. 15-21, at which time officials of the National Holiday Inn chain will be present. With the gala opening, a national contest will be run by Holiday Inn. The top prize will be an all expense trip to the Holiday Inn in Palm Springs.

Aside from tours of the hotel, the main ceremonies will take place in the luxurious dining room and cocktail lounge.

The city of Johannesburg, South Africa, extends farther down than it does up. Three gold mines inside Johannesburg's municipal area reach more than 9,000 feet below the surface.

MILT HICKS, owner of the Holiday Inn, talks with general manager Gerhard Knaak in front of the new \$1 million hotel at 4200 East Palm Canyon Dr. The hotel will open Thursday with a gala celebration opening to be held in mid-October. The new hotel will feature Billy Allen and his orchestra. (Desert Sun Photo)

## Stevenson Sees U.S. Using Veto

NEW YORK (UPI) — United Nations Ambassador Adlai Stevenson says that if it came to a showdown, this country would "be loathe" to give up its veto in the U.N. Security Council.

Stevenson was quoted in Look Magazine as saying, "We would have to face use of the veto if more votes are inimical to us." Stevenson added: "The point is: For what do you use the veto—for only selfish national ends or for peace? The Russians have used the veto because the United Nations has obstructed their design to communize the world."

The black automobile above is the 1962 Dodge Dart 440, first of the Action-Economy cars. A low-price, full-size Dodge that will outrun, out-economize most any car around. For a fact, it accelerates seven percent faster on five percent less gas than last year's comparable model. Seats are chair-high. There's a fold-down center armrest in front.

The white car is the Lancer GT, America's first Sports Compact. It carries five. Corners flat. Handles neat. Really goes. Bucket seats, all vinyl upholstery, full carpeting are standard.

Full-size or compact, every Dodge is rustproofed. Has a smooth ride. Goes 32,000 miles between grease jobs. As always, Dodge means dependability.

# Maris Hits 60; Reds Win Pennant

## Roger Wants 'One More' For Season

Yankee Slugger 'Had Hunch' He'd Do It Before Game

NEW YORK (UPI) — Roger Maris wants "one more" — not for the added money, prestige or even the glory of passing Babe Ruth — but merely as a matter of "personal pride."

Baseball's new home run king, the only man in major league history to hit 60 home runs in one season outside of Ruth, will get his chance at No. 61 today when he starts in right field for the New York Yankees against the Baltimore Orioles.

"One more homer would mean

### BULLETIN

NEW YORK (UPI) — Manager Ralph Houk of the New York Yankees said today Roger Maris will not be in the Yankees' starting lineup for this afternoon's game against the Baltimore Orioles.

Houk said Maris, who Tuesday hit his 60th homer of the season, thus will have "two days of rest" before the Yankees open their final series of the regular season Friday against Boston. The Yankees are idle Thursday.

something to me that I could never explain," said the 27-year-old Maris solemnly. "It has nothing to do with records, money or anything like that."

"The only way I could put it into words would be to say personal pride."

"Like I told Mrs. Ruth: I'm glad I didn't break the Babe's record in 134 games. This record — if it is one — is good enough for me."

The Babe's widow was among the first to congratulate Maris following Tuesday night's game in which Maris connected for his 60th off a curve ball thrown by Baltimore pitcher Jack Fisher during the third inning.

"You had a great year," Mrs. Ruth told Maris, shaking his hand. "I want to wish you luck in the World Series and I know Babe would have wished you the same."

Maris still was in a semi-daze a full hour after he picked on a 2-and-2 pitch by Fisher and rocketed it off a concrete step in the upper right field deck, some 375 feet from home plate.

"I'm in a fog," he told newsmen. "Tomorrow maybe I'll believe it."

Maris' homer Tuesday night came in the Yankees' 158th game, excluding a tie. Ruth belted his 60th homer in the next to the last game of a 154-game season in 1927 off Tom Zachary of Washington.

Had A Hunch

Contrary to his custom during the past few days, when he admitted before each game — "I don't feel it in me today" — the crew-cut, rather unemotional Maris "had a hunch" Tuesday night.

"I feel real good," he said during batting practice. "This could be the night. I just have a feeling."

The ball Maris hit for his homer bounced back onto the playing field where it was retrieved by Oriole right fielder Earl Robinson, who tossed it to first base umpire Ed Hurley.

JUBILANT REDS celebrate in dressing room yesterday afternoon after clinching at least a tie for National League flag. A few hours later Dodger loss made it official. Happy trio here includes outfielder Jerry Lynch getting a "Coke" bath from Vada Pinson. Partially hidden behind Pinson is Frank Robinson. (UPI Telephoto)

## SPORTS in the Sun

Wednesday, Sept. 27, 1961 THE DESERT SUN Page 9A

### COAST FOOTBALL BRIEFS

## SMU, Iowa, Michigan Intersectionals Due

SEATTLE (UPI) — University of Washington coach Jim Owens has indicated he may make some changes in the varsity lineup before his Huskies meet Illinois on Saturday in the Middle West.

The Huskies, who dropped the opener to Purdue, 13-6, went through a rugged, two-hour drill Tuesday, with the emphasis on aerial tactics.

### Beavers Review Errors

CORVALLIS, Ore. (UPI) — The Oregon State Beavers are expecting a rugged defensive battle here Saturday when they take on the Stanford Indians.

The Beavers reviewed mistakes in their 19-8 loss to Syracuse last Saturday, and then took to the field Tuesday for a brisk workout. Coach Tom Prothro singled out linebacker Tim Ankersen and

Roger Johnson for praise after the drill.

### OU Emphasizes Defense

EUGENE, Ore. (UPI) — Oregon coach Len Casanova will put the emphasis on defense today as his Ducks prepare to meet the University of Utah's powerful ground attack at Salt Lake City Saturday.

Center Bill Swain, who has been feared out for the season, saw some action in Tuesday's workout. The Ducks trounced Idaho last week, but Casanova continued to smooth out some of the rough spots in the Webfoot attack.

### Gold Tarnished at UCB

BERKELEY, Calif. (UPI) — Coach Marv Levy, whose California Bears meet the Iowa University Powerhouse Saturday, says quarterback Randy Gold is a "highly doubtful" starter for the game.

Gold worked out in sweat-soaked clothes Tuesday, but he did not take part in a 15-minute scrimmage. The Bears drilled for about two hours in preparation for their game in Iowa City.

### Indians Work Defense

STANFORD, Calif. (UPI) — Two Stanford first-stringers have been put on the "doubtful starters" list for Saturday's match with Oregon State at Corvallis.

Tackle Frank Atkinson and half-back Gary Sargent were sidelined with flu, and will miss most, if not all, of the practice sessions this week.

Coach Jack Curtice put the Indians through defensive drills on Tuesday.

### SC Plugging Gap

LOS ANGELES (UPI) — Johnny McKay's Southern California Trojans worked hard today to plug the gap left by the injury loss of Jim Bates in the Georgia Tech opener.

Bates, regarded as the squad's best defensive back last year, had been shifted from halfback to end on offense for '61, but was to have performed at right half on defense.

As the Trojans prepare for the Friday night Coliseum engagement with Southern Methodist, assistant coach Charlie Hall drilled Jim Maples, Nick McLean, Gary Winslow, Lionel Adams and Loren Hunt to plug the defensive gap.

### Bruins Seek Revenge

LOS ANGELES (UPI) — The UCLA Bruins, out to avenge their 42-13 drubbing in their last meeting by the Michigan Wolverines, today concentrated on offense.

The Bruins will be minus the services of second-string Ezzell Singleton for the Saturday contest in Ann Arbor, Mike Hafner and Keith Jensen are the next substitutes in line.

## New Teams in AL Tied for 'Novice' Title

LOS ANGELES (UPI) — The American League's two new clubs, the Los Angeles Angels and Washington Senators, tonight seek to break an 8-8 seasonal deadlock with only two games left between these rivals.

For the second game of the series, Claude Osteen (1-0), purchased by the Senators from Cincinnati's farm club at Indianapolis, is scheduled to start against the Angels' Bob Sprout, making his major league debut.

The second smallest crowd of the season at Wrigley Field, 1,835 fans, Tuesday night witnessed a tight pitching duel between Bennie Daniels of the Senators and Ted Bowsfield of the Angels with Washington edging out the home club by a 3-2 score.

Gene Green's homer in the top of the ninth inning was Washington's margin of victory. For Green it was his 18th homer of the season to give him his club's lead.

All the scoring in the tight contest came on homers with Bob Johnson hitting a two-run homer in the fourth to give the Senators an early lead.

Daniels pitched 5 2-3 innings of hitless ball until Eddie Yost homered in the sixth with two away. Veteran first baseman Ted Kluszewski tied up the contest in the bottom of the eighth with a pinch homer but the deadlock lasted only until the Senators came up in the ninth. Daniels gave up only four hits in recording his eleventh victory while Bowsfield gave up five hits. The two runs on Johnson's homer were unearned as a result of Bowsfield's throwing error, which prolonged the inning to permit the four-bagger.

Bowsfield is now 10-4 for the season and the loss was his first to the Senators against three wins. For Daniels it was his third win over Los Angeles without a defeat by the Angels.

He was already dressed when approached by writers. "I just couldn't get the third out," he lamented. "I didn't particularly want to pitch to Bill Virdon (whom he eventually walked on four pitches in the Pirates' big third inning) after that I couldn't get anyone out. All you can do is try. If you can't do it, there's nothing more to be done," he said.

Over in the Pirate dressing room, Gibbon said he did not get any particular thrill out of ousting the Dodgers. "Not any more than any other win," he added. "They all mean the same."

"I think now I have really learned to pitch," silent Joe said. The Dodgers agreed.

The outpoken Athletics owner announced Tuesday that everyone on the Kansas City roster has agreed to terms for the 1962 campaign — an unprecedented move in major league baseball.

## A's Set Record; All Players Signed

KANSAS CITY, Mo. (UPI) — Charlie Finley, whose check book has seen more action than most of the Kansas City Athletics' bats during the 1961 season, has all his players in fold for next year.

The outpoken Athletics owner announced Tuesday that everyone on the Kansas City roster has agreed to terms for the 1962 campaign — an unprecedented move in major league baseball.

The outpoken Athletics owner announced Tuesday that everyone on the Kansas City roster has agreed to terms for the 1962 campaign — an unprecedented move in major league baseball.

The outpoken Athletics owner announced Tuesday that everyone on the Kansas City roster has agreed to terms for the 1962 campaign — an unprecedented move in major league baseball.

## Dodger Loss Kills Last Slim Hope

Downcast Alston Says Team Lost Flag 'Month Ago'

PITTSBURGH (UPI) — Manager Walt Alston of the Los Angeles Dodgers today picked the Cincinnati Reds to defeat the New York Yankees in the World Series because he was "a National League man."

Alston chose the 1961 National League champions just before departing with his team for Philadelphia where the Dodgers open a series tonight against the Phillies.

Los Angeles was eliminated from the pennant race Tuesday night when Pirate left-hander Joe Gibbon posted a one-hit 8-0 win in the nightcap of a two-night double-header. The Dodgers won the opener 5-3.

Visually downcast after the defeat, Alston proclaimed: "We didn't lose it tonight. We lost it a month ago." He refused to elaborate further.

Reds Deserve Credit  
Alston said the Reds deserved credit "for the way they won it in a tough league."

The Dodger manager also lauded Gibbon, who pitched the first one-hitter of his professional career. His best previous effort was a two-hitter while playing class B ball in the Pirates' organization.

"You mean to tell me he (Gibbon) had only seven strikeouts? It seemed like 17. His fast ball was real good, the greying Walter added. "He pitched a real fine game."

Pirate Manager Danny Murtaugh was even more emphatic in predicting a Red victory in the fall classic.

"Yes sir, they'll beat the Yanks," Murtaugh said. "I wish them the best of luck. I think our whole club will be pulling for them."

Murtaugh noted Cincinnati's club this year was similar to his 1960 Pirates.

"Last year we won those close games... and they did the same thing this year — scoring just what they needed," the Pirate boss said.

Murtaugh said he was glad his team had beaten the Dodgers in a convincing fashion.

Dodgers Sombre  
"If they had to be eliminated," he said, "I'm glad it was that way and not on a booted ball or some misplay."

The atmosphere in the Dodgers' dressing room was somber. Silence reigned for the most part. Only a few of the Dodgers exchanged comments with fellow players and newsmen as the equipment boys packed away gear.

Seated alone in front of his dressing cubicle was Don Drysdale, a losing pitcher who was knocked out of the box in the third inning of the nightcap.

He was already dressed when approached by writers.

"I just couldn't get the third out," he lamented. "I didn't particularly want to pitch to Bill Virdon (whom he eventually walked on four pitches in the Pirates' big third inning) after that I couldn't get anyone out. All you can do is try. If you can't do it, there's nothing more to be done," he said.

Over in the Pirate dressing room, Gibbon said he did not get any particular thrill out of ousting the Dodgers. "Not any more than any other win," he added. "They all mean the same."

"I think now I have really learned to pitch," silent Joe said. The Dodgers agreed.

## MCB Wives Led By '4' Belles

TWENTYNINE PALMS — The "4" Belles are leading the pack thus far in the MCB Wives bowling league standings here. They have a 9-3 record, two full games ahead of three teams at a 7-5 mark. The three are Kaktus Kutties, Dare Devils and Desert Dolls.

Other teams in the league follow including the Pin Pickers at a .309 average — 6-6 — and Slow Starters living up to their name with the "4" Jewels at a .57 mark. Holding up the bottom of the league at the Aches & Pains with a 2-10 record.

High individual game this week was turned in by Phyllis Hodges with a 294, while Beverly Lee had high series with 519.

High team series and game went to the "4" Jewels with 1706 and 616.

BIG PLANS are being made by the Palm Springs High School Boosters Club behind the leadership of these officers. Standing, from left, are Marty Kenyon, secretary-treasurer; Walter Colglazier, president; John Spargur, assistant; and Bob Flavin, photographer, while kneeling in front are Bob Sandeffer, vice president; and Roy W. Grow, publicity and public relations director.

### EXERCISE, ANYONE?

## Adult Volleyball Play Gets Underway Oct. 3

Volleyballs will soon be filling the air at the High School gym and Roy W. Grow, of the city's recreation and special events department, has placed a call for players and teams.

Sign-ups by individuals or teams may be made now by calling Grow at 324-1131. He reports he hopes to set up as many six-team leagues as possible. After a very successful '59-'60 volleyball season in the City Rec league, the sport dropped off a bit last year because of gym remodeling.

Both men and women are urged to participate. Grow has made a few rule changes to help the weaker sex, including the banning of the closed fist at the net to spike the ball.

### Leagues Begin Oct. 3

All players over 17 years of age may participate and should contact the city recreation department, City Hall, before Oct. 3. It is hoped that league play may begin on that date. Grow has asked that players sign up as early as possible. He would also accept team entries for a league.

Teams may be made up of a maximum of two women and four men, and a team may compete in a league game with a minimum of three men and one woman in order to avoid a forfeit.

Grow has also announced that adult basketball for men will be starting shortly. The High School gym will be open for practice Mondays and Wednesdays beginning Nov. 6. Openings are available for individuals or teams and those interested should contact the department as soon as possible.

# Property Liens On Welfare Out

By THELMA GOODSPEED

By a vote of three to two the board of supervisors has adopted a resolution stating that no more liens will be taken for hospital care or treatment from persons receiving welfare assistance derived in part from federal funds.

The action was taken in spite of urgent recommendations by Hospital Administrator Fred Holbrook, chairman of the county hospital commission, Mel Bankhead of the California Taxpayers Association, and others, that the lien requirement be retained.

A large assembly of elderly persons crowded the supervisors' chamber. They hissed and booed speakers upholding the lien requirement, clapped for speakers in their own group, and voiced "amens" during the reading of an epistle from George McLean, well known welfare politician. They often strayed from the subject, dwelling on asserted hospital experiences.

**Tears and Tales**

"I hope your decision will be one of reason and not emotion," Holbrook told the supervisors.

In spite of the tears and hard-luck tales, the decision made did not appear to be emotional. Supervisor George Berkey and Paul Anderson stuck to their previous stand that those who have the means to eventually pay for their hospital care should do so. Supervisors Fred McCall and William Jones held to their belief that the aged should be spared any possible mental worry and the lien requirement should be abolished regardless of the cost to county taxpayers.

It was Supervisor Norman Davis who cast the deciding vote. Davis recently replaced Curt Chamberlain on the board. Chamberlain favored the lien requirement. Davis approved abolishment of the lien requirement, but suggested a change in wording which,

while not making the lien mandatory, will permit patients to give a lien if they wish to do so.

**Davis Stand**

"I fell in my own mind that there are those who would like to reimburse the hospital," said Davis, "and I don't want to see this possibility precluded."

Asked later by this reporter if he really expected that many people will give a lien if not required to, he explained, "When they are faced with their bill on leaving the hospital they may voluntarily sign a lien rather than go to court." He said that elimination of the requirement that they give a lien on entering the hospital will absolve the elderly patients of worry while they are in the hospital.

In his report to the board Holbrook declared, "When a person has property which can be considered a source of payment for services rendered through county taxation, this source should be considered. The lien is no more than a reminder and an instrument to reimburse the people's tax fund for services rendered, and from an available source."

**Most Effective**

County Counsel Ray Sullivan said the taking of liens has been the single most effective aid to collections made by his office. He said payment of bills has increased from \$11,821.63 in 1957-58 when there were no liens to \$55,228.61 in 1960-61 with the lien-taking well in force.

"This has been accomplished without a single justifiable complaint that the program has been oppressive or unfairly administered," said Sullivan. He said the successful application of the lien requirement is due to the board's policy that existence of a lien doesn't interfere with possession or use of the property so long as it is owned and needed by the individual as a place of residence for himself or any of his dependents and the policy that a lien may be made subordinate where necessary to enable full use or improvement of the property. He said compromise of the obligation and release of the lien is consistently permitted in proper cases.

## Indio Suit Asks Over \$50,000

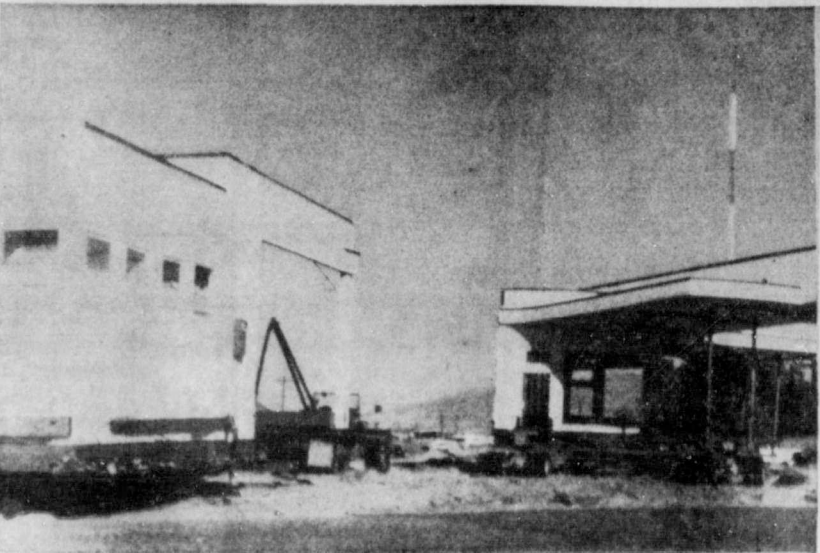

INDIO — The Massey Construction Corp. has filed suit here against three officers and a corporation of the Hale Crest Country Club, asking for a total of more than \$50,000 as a foreclosure of mechanic's lien and common count.

The suits were filed in separate actions by Massey against Hulen C. Callaway, \$8,879.50 mechanic's lien and \$16,017.63 common count; Ballard Jenkins, \$8,879.50, Harry Goldberger, \$2,874.97, and the Construction Research Corp., \$13,953.50.

The case was filed in the County Clerk's office in Indio by Palm Springs attorney Leonard Bock, representing the Massey company.

### Buys Missiles

STOCKHOLM (UPI) — Sweden will purchase an undisclosed number of the new British "Bloodhound II" surface-to-air missiles, according to a recent announcement. The order is said to be worth about \$40 million.

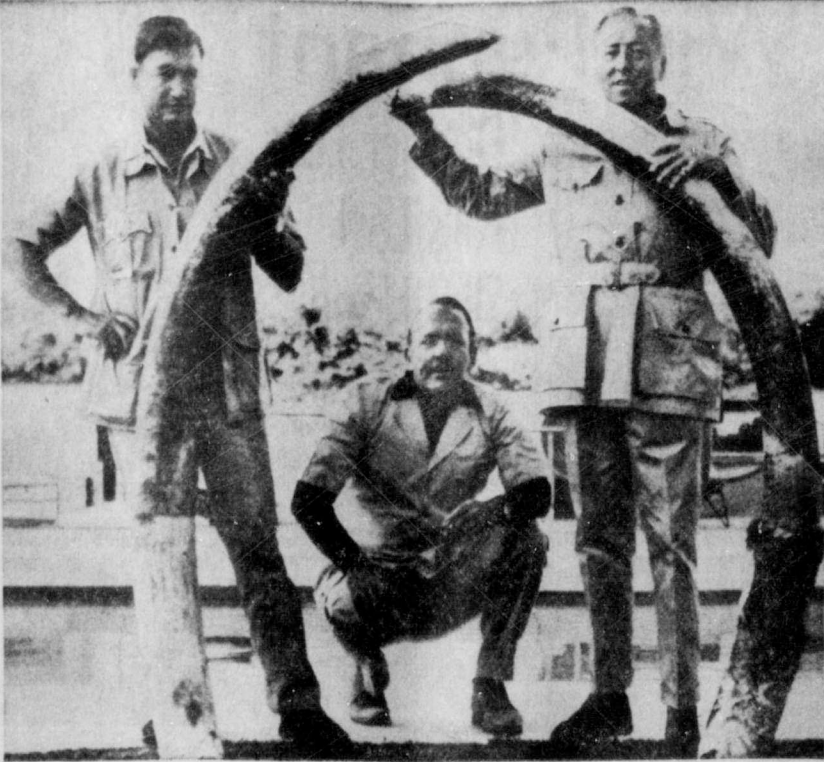

RESTING PLACE for a displaced service station is Radio Road and Del Sol Road in the north of Palm Springs, after an early morning trip up Indian Ave. from the Ramon and Indian Standard station site. The buildings may be

## Students Under 18 Years Need Work Permits

High School students under 18 years of age who want to work must apply for work permits, Palm Springs Unified School District special services coordinator Paul Summit has announced.

Summer work permits expired Sept. 16. The age requirement on permits for working students had previously been announced at 16 years of age by the school district.

RAY RYAN, right, inspects some future keyboards poolside at his and William Holden's Mount Kenya Safari Club of Kenya, East Africa. The ivory tusks, weighing 106 and 104 pounds, are from an old elephant noted author and columnist Robert Ruark, center, shot at Samburu in the northern frontier of Kenya. Ruark and Harry Seiby, famed white hunter, center, were the first white men to hunt there with Government sanction. The area was opened to hunting for the first time this year. Ruark, author of the world-wide best seller, "Something of Value," is a Mount Kenya Safari Club member. He is currently writing his latest book there. To be published in America and England in January, its title, "Uhuru," is a clue to its subject matter. "Uhuru," the most popular word in Africa at the moment, is Swahili for freedom.

## DHS Delay Appointment

Action on a recommendation by the Desert Hot Springs County Fire Protection District board of commissioners that James Jackson be appointed to the commission was delayed by the board of supervisors Monday pending receipt of the resignation of Joseph Merrick whom Jackson is intended to replace.

Merrick resides at 66-079 Desert View Avenue. No reason was given by the commission for the resignation of Merrick.

## Grace Barrett Enters Hospital

SAN BERNARDINO — Mrs. Grace Barrett, a 20 year of Palm Springs and long-time worker there for the Angel View Crippled Children's Foundation, entered St. Bernardine Hospital here Sunday.

Mrs. Barrett, known to many Palm Springs residents as "Tanta," lives in Palm Springs Trailer Village with a brother and a sister.

## Antenna Factory Starts in Indio

INDIO — Production of Gibson Antennas will start immediately in a new plant of the Brad Thompson Industries at 63-810 Tamarisk St., Bill Gibson of Salem, Ore., designer, and Thompson, president of the company said today. Agreements for the project were completed this week.

Tuned to the exact operating frequency, the antennas tend to reject interfering signals on adjacent frequencies and are used by police departments, forest services, utility companies, water districts and commercial services which operate cars and trucks with radio communication.

Scientist Bill Gibson has been building high selectivity antennas in his laboratory at Salem for years. Brad Thompson company specializes in electronic beam processes. The company owns 97 acres in a box canyon in the Santa Rosa mountains south of the plant which, with its absence of power lines, will be used for testing purposes.

Fred W. Voigt is manager of the antenna division at the new factory.

BRADLEY THOMPSON

### Follows Red Tests

LIMOGES, France (UPI)—The Weather Station here has reported a "light" increase in atmospheric radioactivity. The station said the increase was registered in the past few days.

## Supervisors Give Salary Hike Okay

Salary increases for Fair Manager Bob Fullenwider and the board of Trade's industrial research manager, Fred J. Reinhardt, have been approved unanimously by the board of supervisors.

Action on proposed raises for the two men were held up last week at the request of Supervisor Fred McCall to obtain more information.

Fullenwider did not get the raise recommended by the fair board and Personnel Director Donald Spencer, from the \$889 he has been getting the past six years to \$992 per month, but he did get the increase to \$940 recommended by Administrative Officer Robert Andersen.

Reinhardt's salary was increased from \$641 to \$677 per month as recommended by the Board of Trade directors, by Spencer and Andersen.

Arkansas was a state for more than 75 years before it adopted an official state flag.

# The Desert Sun

Palm Springs, California, Wednesday, September 27, 1961

THE ENGAGEMENT of Deborah Jane Skeels of Montpelier, Vermont, and Colby Charles Jones, son of Mr. and Mrs. Reginald Jones of this city, was announced this week.

## Pathfinders Augment Pool Fund During The Summer

A report on the current status of the Palm Springs Pathfinders swimming pool project, heard at Monday's board meeting at Chi Chi, revealed that \$6400 was raised this summer through sale of signature tiles. This added to the original \$7000 set aside for the pool, totals \$13,400 in the swimming pool fund, which has already been turned over to Palm Springs BOYS Club officials. Subscriptions are still being accepted as the cost of the Olympic-size pool will approximate \$15,000.

A technicality in the deed of extra land to the Club, on the part of the City, has delayed the start of construction, but it is expected that the new pool will be dedicated

around the first of the year. It was reported by Mrs. S. P. Manasse, project chairman, who presided at the meeting in the absence of the president Mrs. Victor Hugo-Vidal.

Under discussion at the luncheon meeting were two projects, the Hat Parade Luncheon, which will be held at Chi Chi on Saturday, Nov. 4, and the French Cognac Festival with luncheon fashion show, to be held at Thunderbird Country Club on Dec. 9.

The Hat Parade Luncheon will be under the co-chairmanship of Mrs. W. R. Malouf and Mrs. William Crawford, and the ticket committee consists of Mmes. Earl Henderson, George O. Wheeler, S. P. Manasse and Joseph Froggatt. Details of the French Cognac Festival will be released later.

Mrs. Walter Brunmark and Mrs. George Gannon were named as co-chairmen of the committee for the Pathfinder Reference Library at Palm Springs High School. Next meeting of Pathfinders is set for Oct. 30.

When you paint wood siding, take a hint from professional painters. Deposit the paint in several spots on the board and then brush out the paint to cover the area.

## Around Town

... with Hildy Crawford

It's a long ways off (not until Oct. 28), but invitations were in the mail this week for that annual season-opener, the Costellos' Western Party at their delightful Clancy Road ranch home out in the Rio Del Sol Road area. This party always attracts around 150 of the Costello friends, from Palm Springs, Indio, Los Angeles and Beverly Hills, with everyone in western clothes and happy to be together again after the summer hiatus. It's one that none of their friends would think of missing.

This week there are two more openings, and they are double billed for tomorrow night, when the lights go on at RimRocks and at Holiday Inn across the highway.

Milt Hicks' Holiday Inn, which is opening its doors for the first time, is under the management of popular Gerhard Knaak, formerly of El Mirador, and Billy Allen's orchestra will be playing for dancing, adding one more night spot on the Strip.

Milt Kreis' RimRocks, twinkling on its hilltop, re-opens with that old smoothie Roy Bradley greeting guests as they walk through the big black doors. New this season is Chef Eugene Le-Gallo, who has a background of distinguished service that includes El Morocco, the Stork Club and Romanoffs.

Saturday night is the date for North Shore Beach & Yacht Club's second annual Millionaire's Party, to be held in the seaview Commodore Room. The Club really goes overboard on this party, providing a gaming casino setting and barrels of play money. Ginny Simms, who's doubling as social director as well as songstress, is in charge of this event, which officially kicks off the social season for this bright spot on the Salton Sea.

Wrenn and Will (Mr. Polo) Tevis are flying to England next week

where they will meet the Lloyd Tevises at the Claridge. There's sight-seeing on the agenda, and they will visit Paris and maybe fly to Madrid for the bullfights, but they are going abroad for a purpose. They will meet with Philip, the Duke of Edinburgh, to plan the schedule for the English Polo team matches, which will be held at Eldorado sometime in February.

Returning to the States in mid-October, they will stop over in New York, where Will, who is president of Eldorado Polo Club and also of San Francisco Polo Club, will attend the annual meeting of the United States Polo Association at the Racquet Club.

Polo play starts on the desert the last weekend of November and continues every Sunday afternoon.

Lisa and John Gallois, who have been abroad, arrive in New York City on Oct. 1 and should be heading for the desert soon.

Expected home this week are Dorothy and Dr. Samuel Salinger, who stopped over in their former home town of Chicago, on their way home from Europe. They had an interesting time in Europe, where he attended an International Congress of E.N.T. men in Paris, and visited special clinics in Rome, Vienna and London.

In the mailbag was a colorful postcard from Jan Olman in Jamaica, where she is visiting with a group of travel agents, and she writes she's sold on Jamaica and its calypso music, bongo drums and cha cha cha. The water and the beach look pretty good in the postcard, too.

From Florence, Maggie and Co Thornton mailed their card, before going to Rome. They say they can't complain about anything "except the \$100 duty-free clamp" and that they will be home the end of October.

PIZZA PIE as good as she had ever tasted, was enjoyed by foreign exchange student Antonia Carveda of Cremona, Italy, when she and Julio Carguel of Argentina, were welcomed to Palm Springs at a dinner party at

Il Destino. Antonia is seated next to Mrs. Win Miner, AFS president. Standing, are Julio, on left, and Steve Nichols, who studied abroad this past year. (Desert Sun Photo)

## Welcome Exchange Students

Two Senior High School students, one from Italy, the other from Argentina, were the honor guests when members of the American Field Service met for a pizza dinner at Il Destino Restaurant.

In the honor spotlight were Antonia Carveda of Italy who resides with Dr. and Mrs. Norman Karr, and Julio S. Carguel of Argentina, the foreign exchange student living with Mr. and Mrs. Harpo Marx.

This is the first of three social events to be hosted by AFS for the students during their Palm Springs school year. In October, a picnic is scheduled and a farewell barbecue will be held in May.

AFS President, Mrs. Win Miner, presided at Monday night's dinner, introducing the two students.

Il Destino served salad and hot pizza pie, with the waitresses coming back time after time with loaded trays, and then producing spumoni as dessert.

Joe Spata entertained during the dinner hour with his accordion, and the music, which is a universal language, inspired group singing, with the foreign students requesting their favorite American songs. The talented musician played everything from opera to "I've Been Working on the Railroad."

Attending the welcome dinner, in addition to the Karrs and Marxs, were Mr. and Mrs. Robert Johnston (she is district representative of AFS from Riverside), Elijah Smith, assistant superintendent of Sherman Institute, Riverside; Janice Woods, student AFS president, and Steve Nichols, who studied abroad this past year.

Also Messrs. and Mmes. Earl Coffman, Robson Chambers, Vahan Alchian, Stewart Williams, Alex Hammond, Culver Nichols and son, Larry. Drs. and Mmes. Seamus Nunan, Clarence Woodmanse, Austin Sellery, plus the

Marx children, Tim, Alex and Minnie, Miss Karen Karr, Win Miner and William Bruckner also attended.

This past week Mr. and Mrs. Miner took Antonia and Julio to Pomona to attend the special Los Angeles County Fair AFS Day for Exchange Students from the Southern California area.

WITH FOUR ANNIVERSARIES to celebrate, the Lorin Rowleys, on left, had a gay evening at the Ranch Club opening. Their friends, the Stanley Landers, right, helped them celebrate

both their birthdays, their 20th wedding anniversary and the first anniversary of their Monkey Tree Inn. (Desert Sun Photo)

## Celebrate at Club Opening

The capacity crowd which turned out for the sixth annual opening of the Roundup Room at the Ranch Club didn't realize that although owner Noel Clarke was observing this occasion, it was actually the Lorin Rowleys, who, with four anniversaries falling on that one day, were about to keep vocalist Roberta Lee and accompanist Hal Rogers busy with a barrage of anniversary and birthday music. The Stanley Landers of Arcadia and Palm Springs, helped Loren and Dale celebrate their twentieth anniversary, her

birthday, his birthday, and the first anniversary of the Monkey Tree Inn, a attractive resort located on the Ranch Club Estates and operated under the Rowleys' supervision.

Pert Nina Rose, who joined the staff this season as hostess in the Roundup Room and new general manager Johnny McMeans were busy from opening time until Roberta Lee hit the final notes of a raucous and entertaining "Mack The Knife." Early arrivals included the Milt Finnermans, the Marty Balsoms (Marty recently appeared as the Judge in "Twelve Angry Men"), and Glenn and Vivian Austin (she with a flattering "new look" accomplished by letting her tresses grow out) who were guests at Noel Clarke's table.

Popular Roy Randolph, perennial opening nighter, arrived with a sizeable group which included the Leon Grivels (up from Long Beach for the occasion), the Stan Grahams and Eloise O'Donnell. Another host was Ed McCoubrey, who entertained the Tommy Tomsons of Malibu and photogenic Judy Meyer. Fuller Malone, a newspaper publisher from Manila who is also co-owner of several publications in the San Bernardino Valley, was with his partner Marvin Grey and the Samuel Greys. Frank and Joan Bering and Edna Rothbart, already back on the desert scene for the season, had a ringside table.

Other familiar faces spotted at the gingham-covered tables included Iris Woolridge, Craig Davidson, Mel Meddler,

## Hi-Desert AVCCF Group Plans Money Raisers

Fund-raising plans were discussed when the Hi-Desert Auxiliary of AVCCF met in Twentynine Palms at the home of Donna Gill.

First project decided upon was to gather discarded appliances, have them rebuilt and put them on sale, together with other articles, at a rummage and appliance sale to be held Nov. 6-7. Anyone wishing to contribute small household appliances may do so by phoning 367-7703, or they may be left at Stengel's Shoe Store in Twentynine Palms.

Gwen Stockbridge donated an 18-inch teen-age doll with five outfits, which will be given as a prize. It will be on display in the Angel View booth at the "I Am An American" Day rally, next Friday, Sept. 29. Proceeds will go to Angel View Foundation.

President Bernice Buchanan, who conducted the meeting, introduced two new members Helen Delahoyd and Diane Malone.

Next meeting of the Auxiliary will be held at the home of Mrs. Petrona Henry at 7839 Aster, in Yucca Valley.

## Oasis P-TA Will Meet Tomorrow

A program themed to "Familiarization and Orientation," designed to acquaint members with the teaching and PTA staffs is planned for the initial meeting of Oasis Elementary School P-TA which will be held in Twentynine Palms' Oasis School, Thursday evening at 7:30.

With October designated as Membership Month, the membership chairman R. E. McNew said this week that he is hoping for 100 per cent parent membership. "In the past," he said, "a satisfactory membership has been achieved with little individual canvassing, and we anticipate the same spontaneous response this year."

The annual fund raising campaign will be combined with the membership drive.

## District Nurses Meet Tomorrow

Registered nurses from Desert District No. 34 who attended a dinner meeting at the Mission Inn in Riverside Thursday evening were Lois Ross, Palm Springs; Hazel Barger and Benora Carlson of Cherry Valley.

This was the seventh inter-district meeting with two field representatives from the CNA office, Betty Glass and Esther Swineiseid. Five districts in this area were represented to discuss problems and interchange ideas of the nursing profession.

Tentative plans were made for the next meeting to be in January in Palm Springs.

The regular monthly meeting of Desert District No. 34 will be October 5 at the Security First National Bank conference room, in Palm Springs. All registered nurses are invited.

## Floridian Likes West Coast Too

Soon after their return from the Islands, where they spent 10 days at Hawaii's Reef Hotel and two weeks in San Francisco, Norma and Arsen Alchian were visited by Norma's cousin, Barbara Ficht of Miami.

A native Floridian, she didn't let that stop her from saying of California, "It's everything you hear . . . and then some."

Although this was her first California trip, Barbara, who is with Delta Airlines, is well-traveled, and notes that Village weather is comparable to that in the near East . . . particularly Lebanon and Jordan. This leads her to believe that Americans should truly "See America First."

## Grones Fly East for Convention

Mr. and Mrs. Max Grone flew to New Orleans for a three day stay before going on to Miami, where they will attend the National Shoe Fair, Sept. 24-27. From Miami, they may extend their trip to Nassau and Bermuda. Wherever they go, Mrs. Grone will be shopping for miniature glass and ceramic shoes to add to her collection.

## Duplicate Bridge Scores Announced

Forty players were in play at the last session of the Desert Duplicate Bridge Club, with the Skip Mitchell System used.

North - South winners were: 1st place, Dr. and Mrs. L. Linick; 2nd, Jose Stedam, George Yoxal; 3rd, Mrs. Margaret Elser, Mrs. C. W. Markland; 4th, Dr. and Mrs. J. Trackman.

East-West winners were: tied for 1st, Elaine Daugherty and Margaret Moore, Mrs. Estelle Richter and Fred Barrett; 3rd, Lea Worth and Naomie Rosson; 4th, Mr. and Mrs. T. Boardman.

Other players were the William Coopers, David Cunliffe, Vincent DiPaolas, W. Fruitmans, Roy

Nashes, Eileen Dongray, Al Nehl, Vera Jones, Ben Moses, Edyth Chalfont, Ruth Parker, Ted Hubbard, Carl Lamer, Edyth Simmons, Roy Grow, Meva Hutchens, Jeanine Johnson, F. Kamm and Dr. Sidney Riesner.

The next meeting will be Thursday night, Sept. 28, in the Pavilion, at Sunrise and Ramon.

## Nature Study

Soapuds trees grow in Barbados, West Indies. They reach heights of 60 feet and bear clusters of berries. The berries produce a thick lather when shaken in water.

## County Escrow Group Meets

The anticipated Sixth Annual California Escrow Association Conference, to be held at the Beverly Hilton in October, was discussed when the board of Riverside County Escrow Association met at the Lamp Post in Beaumont. The County group has been asked to present a portion of the program, and will present John Pearce, assistant vice president and escrow supervisor of First American Title Company in Riverside.

Pearce, who was present at the Beaumont meeting, gave a brief preview of the topics he has chosen for the monthly meetings. For the Oct. 19 meeting the topic will be "Reversions of Subordination Clauses and Agreements," he announced.

Board members present were: Francis Ramsey, president, who is escrow manager of Security First National Bank's Indio office; Thelma Good, 1st vice president, assistant secretary of Coachella Valley Savings & Loan Association and escrow officer in Palm Springs; Ann Stark, 2nd vice president, escrow officer, Bank of America, Magnolia Center; Eunice Tiss, secretary, Pearson, Scott & Co., Indio; Dagmar Litwin, past president, director, escrow officer of San Geronimo Savings & Loan, Banning; Leona Preece, two year director, escrow officer with Pearson, Scott & Co., Indio.

Also present was Tom McGrath, public relations with First American Title Co. of Riverside.

ACH, BUT! YOU ARE BEING WISE!

SOME TIME LATER... AFTER MUCH ROUNDABOUT DRIVING... THE CAR APPROACHES A CASTLE ON THE DANUBE NEAR VIENNA

ONLY A FEW MINUTES MORE, HERR PALOOKA... I WILL GUIDE YOUR STEPS AS WE LEAVE THE CAR!

Television in Review

By FRED DANZIG  
NEW YORK (UPI)—"87th Precinct," a new detective series that reached NBC-TV Monday night, really scrambled some of my notions.  
Remember when I said "Cain's 100" was the worst of the new shows thus far this season? Forget it. Remember when I said "Naked City" was a good cops-and-robbers show, but not great? Forget it. "87th Precinct" makes them both look like Emmy winners.  
The "Floater" dealt with the search for a weird lady-killer portrayed by Robert Culp. This lad liked to get his girls tattooed between the thumb and forefinger, ply them with arsenic and dump them into the river, tattoo and all. I checked this aberration with the corner psychiatrist and he tells me Culp's insidious personality disintegration is the obvious outgrowth of overexposure to certain cigarette commercials. They call it the "Maziboro man syndrome."  
Culp also liked to nibble the girls' hands. A real healthy show with which we can easily identify. Anyhow, Culp got caught because he happened to steer a potential victim into the tattoo parlor frequented by Miss Rowlands' detective wife. What was she doing there? She wanted to surprise hubby with a butterfly tattoo on her shoulder. The tattoo artist told her, "Wait till husband see. His eyes will be like happy saucers."  
There was a chase. Miss Rowlands got caught by Culp. Culp fell in love with her and moaned, "Gee whiz, your skin is so white—and real blonde hair." Needless to say, Miss Rowlands' husband arrived in time and, after beating up on Culp, took her home for tattoo inspection. Darned if he didn't kiss her right on the butterfly. I think his eyes even turned into happy saucers, too.  
To fill the hour with this trash, the episode had to ring in a series of meaningless fights and scenes.

## Growthmanship

### A Tricky Propaganda Game That's Played With Numbers

WASHINGTON (UPI)—"Growthmanship" is a tricky and important part of the Cold War.

It is a propaganda game played with numbers. Its object is to show a superior economy.

The Russians boast their economy is superior because it is growing faster than that of the United States. But they admit that at present, the U.S. economy produces more.

American economists say it is difficult to draw any reliable conclusions from the economic data published by the Soviet Union. The Russians are sparing in their explanation of their statistics—how they are compiled, what they include, what is adjusted, what is guesstimated.

Despite known instances of outright falsification of Soviet farm statistics—a practice which recently incurred the public wrath of Premier Khrushchev—U.S. experts feel there is more confusion than deliberate dishonesty in the Soviet numbers game.

"Except for agriculture, they've been accurate," commented one U.S. government economist. "The trouble is they're not overly generous in telling you how it's calculated."

Definitions Differ . . .

For example, the Soviet definition of meat is broader than the U.S. definition. Aggregate Soviet figures on meat production include deer, reindeer, buffalo, rabbit and other game animals which are more commonly eaten in the Soviet Union than in this country. Also included are waste portions—such as fat and intestines, which are not part of U.S. figures. Thus direct comparisons of meat output figures are meaningless.

The Soviet Union has claimed higher milk production than the United States. But Department of Agriculture experts report that the Russians are counting milk suckled by calves in their dairy output figures. Soviet output is 90 per cent of the U.S. figure if that factor is omitted.

Another problem stems from "Messiah."

There are other advantages," Shirley conceded. "It is to serve the audience can look forward to seeing you each week."

Though she holds as many awards as any actress alive, Miss Booth gives the appearance of being another play in the show is quite different from the cartoon character," she said.

"She comes to life as a real person with many dimensions."

There are those who would disagree, but she steadfastly maintains that TV, too, can be worthwhile.

"I don't believe television is a step down from Broadway and movies," she said. "The object of any actor is to reach the people and to entertain them. No form of performing should be despised."

Praise for TV, indeed.

## Star Shirley Booth Has Found a New Profession

By VERNON SCOTT  
UPI Hollywood Correspondent

HOLLYWOOD (UPI)—Shirley Booth, Broadway star and Oscar winner, has found a new profession—domestic servant.

The veteran character actress will be seen as "Hazel," the ubiquitous maid of the Saturday Evening Post cartoon series, beginning Thursday night.

As the star of the new NBC series Miss Booth does not consider a weekly television show a comedown from the more lofty calling of the theater and motion picture.

There are those who would disagree, but she steadfastly maintains that TV, too, can be worthwhile.

"I don't believe television is a step down from Broadway and movies," she said. "The object of any actor is to reach the people and to entertain them. No form of performing should be despised."

Praise for TV, indeed.

## And A Good Reputation Must Be Earned! Here's Why:

1. At Safeway, all Beef and Lamb are USDA Choice grade, the quality that gives you the most in tenderness, juiciness, and flavor. Since we offer only this top Choice grade, you can be sure Safeway Beef and Lamb will consistently provide finer and more delicious eating for your family.

2. Safeway's "close-trim" method on every cut of meat always removes excess waste and fat . . . so you get more meat to serve for your food dollars. Compare our way of trimming meats . . . and you'll see why Safeway meats are a better buy . . . every time! The careful attention to quality is another of the reasons you get fine meats at Safeway . . . every single time!

3. Even the finest quality meats reach peak flavor only after proper aging. In our vast air-conditioned aging rooms, Safeway meats are held under controlled temperatures, the exact number of days required to insure perfect tenderness and flavor. Just another reason why Safeway meats are a better buy . . . every time!

MRS. OLIVE BEECH, whose company builds Beechcraft airplanes, is greeted by H. L. "Hank" Gogerty at his Desert Air Park Hotel as the new Bob Cummings television show was previewed for newsmen. Gogerty's hotel was the location for many of the scenes of the new show.

## DESERT HOT SPRINGS

### New Home Started For the Ted Spellazas

First time visitors to Desert Hot Springs are Mr. and Mrs. Rudolph Fried of Chicago who are spending several weeks here with their sister and brother-in-law, the Ted Spellazas.

The Spellazas broke ground this past week for their new home which will be built shortly on Skyline Drive. Meanwhile they are moving to 68-165 Estrella where they will reside until their new residence is completed.

Mrs. Helen Brouter planed in from a three-month vacation in Surinam and the Dutch West Indies. In Surinam she accompanied a party headed by Commissioner Henri Nassey, into the jungle country along the Marowine and Suriname Rivers which is inhabited by the Amer Indians and negro tribes known as the Djukas.

Prior to visiting Surinam, Mrs. Brouter spent six weeks at the governor's mansion on the island of Aruba as the guest of her cousin, Gov. Fred Beaugon. Georgetown, the capital of British Guiana, and the islands of Trinidad and Tobago were also visited.

Bob Thorpe, whose wife Idell teaches at the Desert Hot Springs elementary school, underwent surgery at the Parkway Memorial Hospital in Arlington. Bob will be in the hospital for another 10 days and would appreciate hearing from his friends.

The Sam Bentons, who have been in town all summer, finally got away for two short vacations. They spent five days at Big Bear as the guests of their friends, Mr. and Mrs. J. E. Stark of Compton. Several more days were spent visiting friends in San Diego and relatives in Arcadia.

The Harry Gatenbys have just returned from a week's motor trip which took them to the Sequoias, Bakersfield and Porterville. They reported beautiful weather and a very colorful foliage.

The Ed Delongs found themselves in for a big surprise recently when they visited Las Vegas for the first time in a decade. They had not seen Boulder Dam since it was under construction and it too proved to be a source of wonder.

Mrs. Frances McDonnell was readmitted to the Riverside County Hospital in Arlington last week. Since she may be confined there for several weeks cards will be welcome.

John and Gussie Young spent several days in Tustin last week as the guests of their daughter, Mrs. Fred Murchall and her three children. Gussie reported that Mrs. Murchall, who has been ill for several weeks, is regaining her strength.

Mrs. Mary Loofbourn — she's president of St. Elizabeth's Altar Society here — is home again after spending two months with friends and relatives in Santa Barbara and Camarillo.

## Courts Mark Step Ahead

Eventually Palm Springs and the desert area achieve success on projects long sought and improvements long advocated. The Mt. San Jacinto Tramway is under construction. We do not have to travel out of town for most state services, other betterments have been accomplished. And next Monday another step will be taken toward meeting the needs of the growing community that we are.

Two divisions of the Municipal Court will be opened in the desert area to handle all cases qualified for it between the mountains to the west and the Colorado River.

Establishment of the Municipal Court here and at Indio will save desert residents who have legal matters to attend to in all categories without the long trip to Riverside and the resulting loss of time and travel expense.

Opening of a department of the Superior Court in Indio a few years ago saved many miles for those having business in the higher jurisdiction of the courts. But the Superior Court had an established minimum for the cases it handled and the justice courts we had then, had an established maximum.

Between the two was a gap. Those with litigation in excess of the justice court limitation but below the Superior Court minimum, had to travel to the Municipal Court in Riverside.

Opening of the new Municipal Court divisions next week closes that gap. The new courts handle litigation up to \$5,000. Above that, cases go to the Superior Court. The new Municipal Court plus the Indio department of the Superior Court will give desert residents full judicial coverage to the highest legal service available in the county.

The move is another one giving the desert area, which comprises more than half of the county geographically and almost half financially, the recognition which it merits.

We have come a long way from the old city and justice court days when any litigation involving more than \$300 meant driving more than 100 miles round trip and taking a day or two out of the week.

We have progressed because we never forgot what we wanted and needed and we will keep on progressing toward other goals, in the same way.

## Eli Grads Are Aghast

Rivalry between the two oldest universities in the United States, Harvard, in its 325th year, (est. 1636) and Yale, 260 years old (est. 1701) was mostly confined to the athletic field until the Kennedy administration took over this year.

Harvard is playing a major role in our government. In fact, Republicans claim that the most expensive Harvard post-graduate course in existence is now under way in Washington, D.C.

And the other day came word from New Haven, the site of Old Eli, that Yale, aghast at the ascendancy of Harvard men in the Kennedy administration, is planning a government in exile.

## Remember When ...

SEPTEMBER 27, 1951

Dr. O. B. McRory, veterinarian, called firemen when it was reported that a cat was stranded on tall power pole. But a long search failed to find the animal. Later Bert Wade of Calelectric reported that he had rescued the same cat three days in a row from the same pole in Cathedral City. And it didn't smell like a pole cat either, he said.

Announcement was made that Al Malaika Shrine of Los Angeles will hold a three-day Frolic in Palm Springs Dec. 7, 8 and 9. George O. Wheeler, president of the local Shrine Club revealed the plans.

Special price palm trees, 3 to 6 feet fan palms, \$2.50 per foot, were advertised in The Desert Sun.

SEPTEMBER 27, 1941

City Council approved the appointment of Elmer Tontan as police officer as first full-time patrolman on the staff of Chief of Police Lyle Sanard.

Councilman Harry Plymire returned to the Village after a summer spent in Vancouver and is preparing his Mira Monte Hotel and Apartments for the new season.

City Council accepted important deeds for rights-of-way for a new airport road from Mr. and Mrs. Austin G. McManus and Mr. and Mrs. John W. Williams.

SEPTEMBER 27, 1931

R. Lee Miller, engineer and contractor, reported he had licked the problem of a foundation for the new bathhouse at the mineral springs on Indian Ave. Long concrete pilings are being sunk in the ooze of the hot springs which are believed to originate in an earthquake fault, a branch of the San Andreas fault which passes north of town.

Pulverized manure and good clean barnyard fertilizer, just the stuff to make lawns grow, are offered in two advertisements in The Desert Sun.

Plans to seek federal aid for the Banning to Idyllwild road were announced. It was also announced that plans for the Hemet Valley to Idyllwild road, to connect with the road from the junction of the Palm Springs-Indio road, had been completed by county and federal authorities.

## Do-It-Yourself Burying?

## Dear Abby ...

... by Abigail VanBuren

DEAR ABBY: Sunday is the only full day my boy friend and I have together. It is also the day I like to wash and set my hair.

He told me one time that he didn't like to see me with a "headful of iron," as he put it. My hair is very straight, and I have to use those large rollers. Well, last Sunday he blew his stack. He came over and I had those rollers in my hair, so he left early and went bowling with a boy friend.

Abby, we are getting married in four months, and he will have to get used to seeing me with a headful of iron. He thinks my hair looks beautiful when it is all done, so I can't understand his objections. We are both very stubborn. Is there a solution to my problem?

"IRON HEAD"

DEAR IRON: Wash and set your hair in the morning when your boy friend isn't around. And use one of those portable electric hand dryers (they aren't expensive) to dry it quickly. DON'T insist on shoving those rollers down his throat or you'll be the prettiest old maid on the block.

DEAR ABBY: While I am writing this, my 22-year-old daughter is stretched out on the lawn chair in her bikini bathing suit with her sun glasses and movie magazines, and she will be there all day. She spends every Saturday and Sunday that way. She is the laziest, most self-centered, inconsiderate person I have ever known. She has a job which pays well, but she never offers to pay one cent toward her room and board. She is up to her neck in debt because she bought herself a car and dresses like a millionaire's daughter. She has never lifted a finger to make her own bed or rinse out a pair of stockings. She talks to her father and me like we were dogs. I never know who she runs around with because she never brings her friends home. What does a mother do with a monster like this?

HER MOTHER

DEAR MOTHER: Who raised this monster? For a personal reply, write to ABBY, Box 3363, Beverly Hills, Calif., and include a self-addressed, stamped envelope. Abby answers ALL mail.

## This Side of The Sun

By R. F. 'Phat' Graettinger

Comes a question, neatly phrased  
Which would see the billboards razed.

Frank H. Dunn of Palm Desert, in a letter to the editor, took a pot-shot at the billboard nuisance the other day by posing a question that should stimulate a lot of thought.

ACKNOWLEDGING the detrimental effect along our highways and out on the desert produced by thoughtless or even malicious litterbugs, he wonders why our spleen is vented upon them: almost alone while a much greater menace to the scenic desert vista escapes attack except on rare occasions.

He doesn't call them by name but you know what he means when he refers to the "15-foot high, 30-foot long (transgressions) leaning down at us in garish colors, not satisfied with their daytime obnoxiousness but donning a reflective paint to further harass us in the dark hours."

THAT'S ABOUT AS GOOD a crack at scenery-blocking signs as I've read in a long time. The writer suggests that a boycott of the products so thrust upon us might hasten their elimination, about which, he says, legislators seem reluctant to act.

Despite talk of zoning regulations to control the billboards, they are increasing and in the past year have overflowed from "billboard alley," that stretch of Highways 60-70-99 east of Banning, to locations south of the junction along Highway 111.

when driving against the setting sun in flat country.

The billboards did act as a shade against the bright rays—and because of the glaring light you couldn't read their purported messages.

HOMO SAPIENS (if you knock off the last two syllables) does a lot of damage with his careless littering. Up along Highway 111 between the junction and well into Palm Springs, the roadsides show the result of his work—empty beer cans shining in the sunshine, broken glass from bottles glittering, and the desert vegetation festooned with cleaning tissues which should have gone into litterbags affixed to the instrumental panel of the automobile.

But the billboards also subtract from the quiet charm of the far-spreading desert and rugged mountains.

(Boy—that's what I call high-writing!)

THERE'S ANOTHER angle to this litterbug nuisance. Many light pick-up trucks hauling rubbish are not carefully laden. As the vehicles bounce along, the material bounces out. Either the drivers don't see it or don't give a hoot.

Those pieces of board on the highway are of no aid to tires and you have to dodge the cartons lying there because you can't be sure they are empty. There might be something in them that could throw your auto and make you a statistic.

IT COSTS THE STATE \$1.7 million a year to clean up after the litterbugs.

Don't sneer and say they're paying it. You are, with your taxes.

## "Guns or Butter" Looms as Chief Issue in '62

HOLMES ALEXANDER has left on a brief European vacation. During his absence a number of prominent and interesting guests will contribute columns.

By JOHN M. BAILEY, Chairman Democratic National Committee

It is a time-honored custom for a candidate for public office to bespeak in ringing tones his faith in the American way of life and the ability of its patriotic citizens to cope with any problem. Thanks to Holmes Alexander I am able to express a few thoughts on this subject.

Usually this ringing oration is delivered without much relevance to the issues at hand, but recent events seem to me to be pointing to a very real debate in 1962 over which political party really has faith in America and its people.

Is it the Republicans, who said we couldn't afford to compete with Russia in the space race, or the Democrats who have tried to mobilize all our resources on an urgent program in this area?

Guns or Butter?

Is it the Republicans, who didn't think we could afford strong conventional military forces to give us an alternative between nuclear war and humiliation, or is it the Democrats, who are strengthening our ability to deal with brush fire wars?

Is it the Republicans, who didn't think we could afford adequate housing, good schools, medical care for the aged, steps to aid depressed areas and to accelerate our economic growth and combat a growing problem of unemployment, or the Democrats, who have vigorous programs of action in all those areas?

These questions are at the heart of the present Republican efforts to create a phony issue by telling the American people that we must choose between "guns or butter." If the choice were between an adequate defense of luxuries and gadgets, then the issue would be real and the choice would be evident — we would have to choose the guns and to forego the needless luxuries.

But I discovered on a recent television appearance with the chairman of the Republican National Committee that the "butter" he is talking about is a far cry from the non-essential gadgets and trimmings of the electric tooth brush and cocktail mixer type. I discovered that what the Republican chairman considers to be useless frills are what I consider sound investments in the basic necessities of a strong and healthy society.

The Issues at Stake

What the Republicans want us to give up as we strengthen our defenses are such things as aid to education, decent housing, help for depressed areas, medical care for the aged and other programs for the general welfare which Republican Chairman Miller contemptuously described as "and so forth and so on." He went on to say that "if this is a time of crisis, a time for emphasis on military expenditures, then we don't need these welfare programs."

It seems to me that when we find out what the "butter" is in the glib Republican catchphrase of "guns or butter," then we begin to develop a very genuine issue, a basic point of disagreement between the two political parties. It turns out that the Republicans are merely using our need to

strengthen our defenses as an excuse for the obstruction to domestic programs that they have opposed continuously ever since the first days of the Roosevelt Administration.

We Democrats say that in our struggle with Communism, we need these domestic programs more than ever. We recognize that if we avoid nuclear warfare (which no sensible American desires as a quick way to settle our differences with Khrushchev), then we are in for a long-range struggle with the Communists.

The Nation's Needs

We need a strong and growing economy with full employment to provide military strength and a decent living for our citizens. We need better schools to provide the mental muscle needed for our struggle against the Communists. We need a healthful society with all our citizens having the opportunity to share fairly in our national product. We need good housing instead of slums. We need tolerance instead of bigotry. We need faith in what we can do instead of fear that we can't afford to do it.

The Communists have had to close the borders of East Berlin because the inmates of a police state society were fleeing to the freedom and opportunity of West Berlin in numbers so great that it was a terrible propaganda black eye for the dictator who has boasted that his way of life would triumph over the free way of life.

The lesson seems to me to be plain. We are not going to win

our struggle against Communism by reducing our standard of living toward the low standard imposed upon the people of Russia in order to support the Russian military effort. How many uncommitted nations will be won to our side by a retreat from the American dream? How many uncommitted nations will be won to our side by a vigorous march toward the fruition of that dream? The answer is obvious.

Not a Needless Luxury  
I think the American people want the President and the Congress to promote the general welfare. I do not think they regard social progress as a needless luxury.

Yet the Goldwater wing of the Republican Party is making opposition to social progress its party's record and its campaign theme for 1962. The GOP which had been nudged grudgingly toward the center of the road by Nixon and Rockefeller, now is moving swiftly toward the radical, reactionary right.

That is the real issue which the Republicans raise when they talk of "guns or butter." If they are honest enough to spell out the programs they would jettison during our period of accelerated defense, they will help to afford the voters a clear cut choice in the 1962 elections. And that choice, I am confident, will be to move resolutely forward with President Kennedy and the Democratic Party, the party which has faith that America and its people can do what they need to do.

Do You Operate Under a

# FICTITIOUS FIRM NAME?

If so...  
Have you complied with the requirements of the Civil Code?

Section 2466 of the Civil Code reads, "Every person and every partnership transacting business — under a fictitious firm name — must file a certificate stating the names in full and the place of residence of such person and the member or members of such partnership — such certificate must be published once a week for four consecutive weeks"

Take care of this important matter NOW by having The Desert Sun publish the certificate. The cost is small, but the filing and publication is something which should not be overlooked!

IF YOU HAVE NEGLECTED THIS PROCEDURE, DO YOU REALIZE THAT YOU ARE NOT ENTITLED TO MAINTAIN SUIT FOR COLLECTION, OR FOR OTHER PURPOSES, IN THE COURTS OF THE STATE OF CALIFORNIA?

EVA B. ADAMS, of Reno, Nev., is confirmed on Capitol Hill as new Director of the Mint.

#### DESERT BRAEMAR

### Returnees Indicate Big Season

Proof of an early and active season this year is evidenced by the many smiling faces of the ladies of Desert Braemar at pool side. A few included Mrs. Mildred Nicholson, returned from two months in Houston, Tex.; Mrs. Helen Walker, in from her estate at North Ridge; Mrs. Betty Park, back from her newly acquired summer home at Balboa; Mrs. Dorothy Page, returned from an extended vacation and seeing again her new grandson, Douglas; Mrs. Harold Arnold, in residence here the last month and always an ardent and enthusiastic advocate of desert living; Mrs. Gladys Irving, home from two months at Laguna Beach, and Mrs. Clarence (Georgia) Conrad, returned from their trip to Honolulu.

Mrs. William P. Lodge, back from an extended trip to England and other European countries, has as guests this week her daughter, Montjoy, and son-in-law, Robert B. Wilkes of Baldwin Hills, their grandsons, Gary E. and "Robin" Wilkes.

Harold Parks flew here from his summer home in Seattle on a business trip, opened his spacious home on the north grounds of the Braemar for a few days and has flown back to Washington to pick up Carmen (Mrs. Parks) to return with her in the near future.

A pleasant note comes from the north: Our genial Bard and story teller, Fred I. Wines and Cathy (Mrs. Wines) are en route here from their summer home in Tacoma to open their house at Circle Serene for the fall and winter. Fred and Cathy celebrated their 50th wedding anniversary last week with an anticipated 200 in attendance.

Under the stern and forceful gavel of President Arnold, Chairman Clarence Conrad assembled his committee of six to finalize the arrangements for decorating and furnishing the new reception center at the Braemar. The ladies of the bridge club look to its being finished by October 15.

The Allen Irvings, 61 Circle Serene, are having as guests this week, Mrs. George Shaw and daughters Suzanne and Allison, of La Dera Park, and Mrs. Chester Brant and daughter Gail of Woodland Hills.

### Lady Ghost Out Haunting

NOTTINGHAM, England (UPI)—Several families in an apartment house here claimed they are haunted by a female ghost that goes around tickling a baby.

The ghost, whom the families believe is a woman who killed herself in the house several years ago, is claimed to:

- Reach out its arms in a gesture of appeal.
  - Show itself only to women.
  - Move articles from cupboards.
- One of the tenants, Leslie Weatherill, said: "We are moving out. We have only lived here a week but my wife has seen the ghost twice."

Reginald King, another tenant, said his child began to laugh unexplainably as it slept in its cot. "When one of the children we have staying with us got up, she asked if that 'strange' woman would be coming back. She had seen her tickling the baby."

King added: "Although no men here have seen the ghost all of them will tell you how frightened they are. Even on a warm night they suddenly feel their rooms go cold and drafty. We know we are being watched."
